FOOTWEAR FOR THE WHOLE FAMILY WHY ARE WE AHEAD?

Because every pair of Boots, Shoes or Slippers we sell are exclusive in every point of perfect shoe manufacture and especially noted for their becoming fit and finish.

Nothing more convincingly completes a bridal dress, costume or habit than a good looking shoe, and judgment of anyone's dress usually begins at the shoes.

A shoe that is well made—fits well, wears well, looks well—is comfortable. These features, the result of years of experience and the conscientious application of the knowledge gained have made a reputation for us among the leaders of fashion.

McCandless Bros. & Cathcart

555 Johnson Street - Victoria, B. C.
Positively, No Credit

To Woman—in her higher, nobler aspects, whether wife, widow, grass-widow, mother-in-law, hired girl, telegraph operator, telephone helloer, queen, book-agent, wet nurse, step-mother, boss, professional fat woman, professional double-headed woman and professional beauty—God bless her!

—Mark Twain.

At all the prominent banquets and high-class functions throughout Great Britain, the continent and the United States, the last toast, "The Ladies!" is now given in the world's best Champagne, G. H. Mumm and Co.'s "Cordon Rouge." This is the very highest grade of Champagne produced. It is made from the finest grapes selected, especially from the vintage of 1900. We have just received a splendid consignment of this peerless brand, and take great pleasure in presenting this most perfect of all wines to our patrons' notice. It will now be listed at every reliable hotel, bar, club and cafe in British Columbia. Your licensed grocer should be able to supply you with "Cordon Rouge" for home use. If he is unable to do so, kindly phone us and we will give you the name of a dealer who will be pleased to send you this "King of Champagnes."

WINNIPEG PLAN FOR STOCKYARDS

Commission Appointed by Legislature Submits Scheme of Union Yards and Abattoir at Prairie Capital

UNDER CONTROL OF GOVERNMENT

Public Markets Board Composed of Railway and Government Representatives Is Suggested

WINNIPEG, June 24.—Arrangements have been completed for the establishment of a public abattoir and union stockyards at St. Boniface under government control. This was the information which was contained in the report of the commission appointed by the legislature last session, and which was handed in to the government today.

By the arrangements which the commission have succeeded in making there will be union stockyards accessible to all three railroads without switching charges, and with all modern improvements and ample accommodation.

The commission recommend the appointment of a public markets board, which will have control of the yards, composed of two representatives from the C. F. R., one from the C. N. R., one from the G. T. P. and one appointed by the government. Rates, yardage fees and charges for feeding will be subject to government control. The government also are to have first choice in the selection of a site for the public abattoir.

One provision which the commission has arranged for will be particularly well commended by farmers of the west. The livestock must be watered, fed and yarded before being weighed, thus avoiding the shrinkage which has been one of the greatest complaints against the Winnipeg yard in the past.

Railway Men Protest.

ST. PAUL, June 24.—A telegram was sent to President Taft by President Carter of the Brotherhood of Firemen and Enginemen in session here expressing the regrets of the convention that it should be deemed necessary to secure an appropriation for the purpose of prosecuting labor organizations. This telegram was in answer to a telegram sent by President Taft to President Carter last night, and which was read to the convention.

TRAINMEN AWAIT COMPANY'S REPLY

Will Not Take Strike Vote in Case of Ultimatum Being Rejected—Committee Has Power to Act

MONTREAL, June 24.—According to a statement made tonight by J. H. Murdock, vice president of the trainmen's organization, there will be no strike vote taken in case the Canadian Pacific railway turns down the ultimatum sent to the company by the committee that the men must be given everything claimed by them.

The committee, Mr. Murdock states, is fully authorized to act as circumstances may require, and it will be ready to do so within two days of the announcement of the company's intention. The committee has not yet received the company's reply.

To a press representative this afternoon General Manager Leonard stated

that the company had no intention of going any further than the award of the arbitrators. The company had accepted this not only where it was unanimous in its findings, but also where the company's representative had declined to sign. The situation in regard to the Grand Trunk is not so far advanced.

CANADIAN KNIGHTS

Seven Are Included in List of Those Honored on King George's Birthday

LONDON, June 24.—A number of Canadians are included in the King's birthday honors as announced yesterday.

Knights Bachelor—Senator G. W. Ross, former premier of Ontario; Byron E. Walker, president of the Bank of Commerce; J. N. Bate, of the Ottawa Improvement Commission.

C.M.G.—J. C. Rutherford, Dominion Live Stock Commissioner.

Imperial Service Order—Achille Frechette, W. H. McIlree and W. J. Polemy.

Byron E. Walker, president of the Bank of Commerce, has intimated that he wishes to be known no more as Byron E. Walker but as Sir Edmund Walker. Mr. Walker is one of the few Canadians honored by King George on the occasion of the official observation of the King's birthday. Considerable comment is being heard over the fact that Lieut.-Governor Gibson has not been included in the distribution of birthday honors. It was generally expected that his honor would be knighted as has been done in cases of his predecessors. It is said here that knighthood will undoubtedly come before the expiration of his gubernatorial term. Hon. Mr. Gibson was appointed in 1908 and as Lieutenant-Governor will see more King's birthdays.

MURDERER MAY ESCAPE TRIAL

Case of Porter Charlton Develops Peculiar Features—His Crime Outside Jurisdiction of New Jersey

NEW YORK, June 24.—Porter Charlton can not be tried for murder in the courts of New Jersey. Whether he beat his wife into insensibility with blows from a wooden mallet at Lake Como, Italy, and then stuffed her still living into a trunk and sank the trunk in the water of the lake, is a matter outside the jurisdiction of the Jersey courts.

But he will not be released until the question of his sanity is determined. This is assured by the Charlton family, who announced tonight that if the boy's mind proved dangerously unsound, they would take the initiative in having him committed to some institution. The father, Judge Paul Charlton, had previously said that he believed Porter to be crazy.

The attitude of the Jersey courts, as defined tonight by Prosecutor Pierre Carvan, of Hudson county, is this: "The state of New Jersey now holds Charlton merely on the complaint of the Italian Consul-General as a fugitive from Italian justice, pending a request for his extradition. If extradition is not demanded, there is no action that the courts of this state can take."

Thus there is a possibility that Charlton may walk from jail a free man, for the despatches from Rome seem to indicate that the Italian government will act in the matter with reluctance, if at all, since a demand for the extradition to Italy of an American subject who has committed a crime within Italian jurisdiction would imperil a cherished Italian contention.

HAVOC IS CAUSED BY FOREST FIRES

Poor Settlers Lose Homes in Thunder Bay District—Lumber Mill and Railway Camp Destroyed

TORONTO, June 24.—Three homes were wiped out by forest fires in Conmee and O'Connor townships, according to the report of Crown Timber Agent Oliver, received by the Provincial Government today. The unfortunate owners were all new settlers. The contents of their homes were also wiped out, but no lives were lost. The men took to the water with their horses and cattle and had some thrilling experiences. Green's mill, with four million feet of lumber, was also completely destroyed, and the camp of the G. T. P. at Haquoit was burned. The fire, according to the official report, swept from Mack to Selwyn, and destroyed a large quantity of ties and logs at Woonung River. The crown agent reports that the fire started on the G. T. P. near Pietrie, presumably from an engine.

Technical Education Commission
OTTAWA, June 24.—The appointment is gazetted of Dr. J. W. Robertson, C.M.G., Hon. John N. Armstrong, Rev. Dr. Bryce, Gaspard DesRues, Gilbert Murray, Prof. David Forsythe, James Simpson, and Thos. Bengough, (secretary), to be commissioners to report upon industrial training and technical education.

SPAIN DIFFERS FROM VATICAN

Government Affirms Its Determination to Carry Out Its Religious Programme As Defined in Decree of June 11

PROTESTS FROM ROME WILL BE IGNORED

Papal and Episcopal Protest Are Coupled by Government With Negotiations for Revision of the Concordat

MADRID, June 24.—At the conclusion of the cabinet meeting today Premier Canalejas announced that the government's religious programme would be carried out. He said that the protest of the Vatican against the imperial decree of June 11 would be ignored, and that the decisions of the government already announced would stand.

A semi-official announcement made tonight indicates that the government desires an amicable settlement of the controversy and will give the Vatican an opportunity to modify his attitude in the matter of its protest. It sets forth that Premier Canalejas held King Alfonso to his promise, made when the premier took power, that he would approve the government's course, and explains that the government proposes to pursue unflinchingly the programme which it considers that civilization demands and is counting on the support of all liberals.

Today's meeting of the cabinet, presided over by King Alfonso, discussed the government's attitude in the face of the double protest of the Vatican and the Spanish episcopacy against the royal decree of June 11. The decree amended the legislation and authorized the edicts of non-Catholic religious societies to display their insignia for public worship.

The papal protests were coupled with the negotiations between the government and Rome for the revision of the Concordat, and recently Premier Canalejas intimated that, unless the Vatican changed its attitude the negotiations would be broken off. The Vatican replied, and after setting forth that it maintained that the decree was a violation of the Concordat and the agreements of previous ministers, declined categorically to continue the negotiations over the revision until this point is settled. The Catholic objection to the decree was on the ground that the government should maintain the status quo pending the outcome of the Concordat negotiations.

MANY PASSENGERS IN BIG AIRSHIP

Deutschland Carries Twenty on One Voyage and Thirty-Two on Another—Daily Trips Are Planned

DUSSELDORF, Germany, June 24.—The dirigible airship Deutschland today made two trips of a hundred miles each, carrying several passengers on each trip. In each case the passengers paid \$50 fare.

On the first trip the airship carried twelve Germans, six Englishmen and two Hollanders, who were served with breakfast on board. The voyage was made fifty miles southeastward from Dusseldorf and return. The weather conditions were favorable.

The Deutschland on the longer trip today carried thirty-two persons, including ten women, the largest number transported by a similar craft at one time. Running with the wind she attained a speed of 56 1-2 miles an hour. The trip was from this city to Essen, Dortmund and Berchum and return.

The airship passed over the chimneys of the great Krupp works at Essen. On the return the Deutschland encountered a rain storm and had to fight her way against a head wind. Upon landing the women passengers said they had not experienced a moment of discomfort.

It is intended to make similar voyages daily, Dusseldorf being the starting point. Airship depots equipped with turnstiles have already been established, and the management will soon open ticket offices.

POWDER MILL EXPLODES

Three Men Killed and One Badly Injured at Dupont Plant Near Troy, N. Y.

ALBANY, N. Y., June 24.—A fatal explosion occurred today at the Dupont powder works in Schaghticoke, near Troy.

The dead are: J. Warren, Valley Falls; Wm. Lenthall, Schaghticoke; M. Burgess, Valley Falls. All were employed at the mills. Another employee named Williams, was seriously injured and was taken to a hospital in Troy. The two mills which exploded were located about a mile from the village

of Schaghticoke. They were owned by the Dupont Powder Co. of Delaware, and were formerly the property of the Schaghticoke Powder Co. The explosion occurred about five minutes before noon, completely demolishing the press and coring mills. The three men who were killed were in the buildings. Williams, who was just leaving, was seriously injured and may die.

Buildings in Valley Falls and Schaghticoke were shaken and considerable property damage resulted. The cause of the explosion is not known.

Insurgent Success

BLUEFIELDS, June 24.—General Mena, commanding the main body of the Estrada forces, routed the Madrid troops and occupied Acayapa, which is in a strategic position for an attack on Managua. Acayapa will be used by the revolutionists as a base for a campaign against the Nicaraguan capital. Reports from the interior indicate that the tide of battle has again turned in favor of the insurgents and that the administration forces are on the defensive after a long campaign in which Madrid's soldiers reached nearly to the environs of Bluefields, the revolutionary capital.

Statute of Champlain

ST. JOHN, N. B., June 24.—A large bronze statue of Samuel De Champlain, the explorer, was unveiled in Queen's square this evening by Mayor Frink. Today St. John's day, is the anniversary of Champlain's discovery, and naming of the St. John river. The local artillery took part in the ceremonies. This evening speeches were made by Mayor Frink, Hon. J. D. Hazen, Hon. D. A. Landry, representing the French people, and Clarence Ward, secretary of the N. B. Historical society.

BRITISH FLAG IN ARCTIC ISLANDS

Commissioner Appointed by Ottawa Government to Look Into Ownership Titles—Capt. Bernier's Instructions

OTTAWA, June 24.—The Canadian government is evidently preparing to make good the claim to sovereignty in Arctic territory over which the British flag has been hoisted by the several expeditions which have been in northern waters in the past six years.

The appointment is announced of Hon. J. C. Patterson "to be commissioner to investigate into titles of ownership by the United Kingdom of Great Britain and Ireland of all lands in the Arctic sea, whether acquired by discovery, occupation or otherwise."

Mr. Patterson will report the result of his investigations from time to time to Sir Wilfrid Laurier. The instructions to Capt. Bernier, who will sail north in a few days for another cruise in the Arctic, are to plant the flag upon additional islands in the Arctic regions.

Efforts to End Strik.

KANSAS CITY, June 24.—Thomas H. Lewis, president of the United Mine Workers of America and James Elliott, a mine owner of McAllister, Okla., resumed their conference here today in an effort to end the strike of coal miners of South West.

Michael Murphy's Threat

BRYSAN, Que., June 24.—Michael Murphy was today guilty of threatening to leave the town in blood and ashes and was bound over to keep peace one personal surety of \$300 and two others of the same amount. No decision has been reached in the case of Mrs. Murphy.

PLAN TO FURTHER CAUSE OF PEACE

Congress Has Provided for Appointment of Commission Which Will Work For Limitation of Armaments

WASHINGTON, June 24.—Confining the expenditure to \$10,000, the senate today adopted the joint resolution originating in the house, authorizing the appointment of a "Peace" commission, to consist of five members, and to be appointed by the president.

The purpose is to consider "the expediency of utilizing the existing international agencies for the purpose of limiting the armaments of the nations of the world by international agreement, and of constituting the combined navies of the world as an international force for the preservation of universal peace, and to consider and report upon any other means to diminish the expenditures of governments for military purposes and to lessen the probabilities of war."

The bill now goes to the president.

Drowned While Swimming

HAMILTON, Ont., June 24.—While swimming in the Desjardine Canal this afternoon, Tommy Biddell, aged 13, was seized with cramps and before assistance could be secured was drowned.

OTTAWA, June 24.—It is officially announced that the state department has consented to the name of the "Canadian Steel Corporation" being changed to "The Steel Corporation of Canada."

MEN OF PRAIRIE PLEASE GENERAL

Britain's Great Cavalry Expert Gives High Praise to Mounted Troops Whom He Inspected at Calgary

FORCE IS TESTED IN MIMIC WARFARE

General French Speaks Strongly in Favor of Mounted Riflemen—Lethbridge's Efficient Field Battery

CALGARY, June 24.—"Well, Colonel, if I was defending a position and you had as good a brigade attacking it as you have today, I would not like to stay there long."

This was the compliment paid to Lieut.-Col. C. J. Wallby of this city by General French today at the close of a four-hour fight under service conditions, in which Col. Walker was the officer in command of the attacking forces. Surrounded by his staff and by the officers of all the regiments in camp, Britain's greatest cavalry soldier of the day told them just what he thought of them and their troops.

"You have the best material I ever saw," he said enthusiastically. "You have the horses, you have the men, and you have the country in which you can train. Your men are of fine physique, and they can ride anything and anywhere. Your officers are also good. You have the men in hand and all of you can ride, but, gentlemen, don't look down on the mounted rifle branch of the army. This mounted rifle role is a glorious role, and you can accomplish as much, if not more, with mounted riflemen as you can with cavalry. We are all prone today to look down on the mounted rifle, but Canada is essentially a mounted rifle country, and mounted riflemen are the men who can do most effective work today. We must get out of the idea that the man who rides cannot do without his horse. We must be prepared to leave our horses two miles, four miles, or even five miles behind us and to attack as an infantry force would attack, using infantry tactics and acting as if we had been infantrymen all the while."

"But with this we must not lose sight of our shop tactics," he continued. "Here, where your time for training is limited, you, as men of sense, must know that you cannot train your men in shop tactics, but the regiments that can keep them up must still do so, for there are times when the charge and other shop tactics are still necessary."

In such a strain, in a short, incisive talk, full of strong points, did General French

(Continued On Page Twelve.)

BRITAIN AND U. S. SHOULD BE ALLIES

View Taken by Duke of Sutherland, Who Is Now Visiting This Continent—Much Interest in Canada

NEW YORK, June 24.—The Duke of Sutherland, who strikingly resembles Andrew Carnegie in appearance and who is known as one of the wealthiest members of the English nobility, was in New York today on his way to Canada to look after private business matters.

He is an earnest advocate of an alliance between Great Britain and the United States and pointed out to his interviewers the advisability of such a union.

"I do not mean necessarily that the two nations should enter into a written and sealed alliance," he said, "but simply that they should make what we might call a 'gentleman's agreement.' This could be done without violating any of the rules of international amity as respects other nations. "It would preserve the world's peace, and give an impetus to the growth of a higher civilization throughout the world. My interest both in Canada and the United States is strong. Both are wonderful countries. Canada is developing fast, and offers great opportunities for business enterprise and for those interested in agriculture."

Earthquakes in Algiers

PARIS, June 24.—Heavy loss of life and great damage to buildings resulted from an earthquake in Algiers at 1:40 a.m. today, according to a report reaching here. The quake lasted 30 seconds.

Woman's Strange Death

ST. THOMAS, June 24.—Mrs. James L. McLaren, living at Highgate was found suffocated over an open trunk the contents of which were in flames. She had apparently while searching the trunk struck a match which ignited the contents.

Fines in Cotton Cases

WASHINGTON, June 24.—Moses Haas, of New York, and Frederick Peckham, of Cincinnati, pleaded guilty in the government cotton leak cases, in which advance information of the government cotton report was given to certain brokers, and were fined to the Federal court. Haas was assessed \$6,000 and Peckham \$5,000.

BUSINESS GROWS

Canadian Pacific Finds Large Extension of Facilities at Calgary Necessary.

CALGARY, June 24—Increased yardage facilities, providing storage for 1,000 additional freight cars, are now being rushed to completion in East Calgary by the C. P. R. The new yards, which include a hump distributing track, will be available when this year's grain commences moving. Work on the new concrete machine shops and eighteen stall roundhouse is progressing rapidly, it being expected that both buildings will be completed by the middle of October. The foundation for the east wing of the station is now complete, and the

structure will be ready for occupancy by November 1st. In addition the company has practically completed the task of doubling the capacity of the freight warehouses. The urgent necessity of the extensions is proven by the Western Division report just issued, which shows that during the past year this division, which is operated from Calgary, has added seventy miles of sidings and passing tracks and twenty miles of industrial sidings in order to handle the constantly expanding business.

General Funston Ill.

LEAVENWORTH, Kan., June 24.—Gen. Frederick Funston, commandant of the army service schools here, is dangerously ill with an attack of heart disease at his home.

SEEKS SITE FOR EXPERIMENTAL FARM

Mr. Duncan Anderson of Ottawa Visits Various Points in the Neighborhood of Victoria

To select the most suitable site for the location of the new experimental farm which the Dominion government is going to establish on Vancouver Island, is the mission upon which Mr. Duncan Anderson, who is the emissary of the Agricultural Department, Ottawa, was engaged during his visit here, which has been of about ten days' duration.

Mr. Anderson yesterday expressed his great surprise at the large amount of agricultural imports which are brought into this city and the outlying districts, considering the wonderful possibilities of Vancouver Island. Not only does he consider this unnecessary as regards agricultural imports, but also in connection with fruit and dairy products.

Mr. Anderson is not only an expert agriculturist, but is also an experienced and practical farmer. During his trip here he has taken occasion to visit various points of the island and inquire into the agricultural possibilities of each district. He is a keenly observant man, and while in the city acquired statistics regarding the amount of agricultural, dairy and fruit imports which are brought in here each year.

He thinks that this state of affairs is wholly unnecessary, and will to a large extent be counteracted when the experimental farm is established. The purpose of the farm will be to give practical instruction to farmers, fruit growers and dairymen as to the best and most up-to-date methods of improving and increasing their products, and to stimulate agricultural production on the island.

The new experimental farm will be affiliated with the provincial university when it is established, and that end, if the university comes to Vancouver Island, Mr. Anderson will decide upon a site in the vicinity of the chief seat of learning. No announcement will be made concerning the selection which has been made, until Mr. Anderson has conferred with the department at Ottawa. He will return to Victoria in about two months' time, and the site will then be announced.

Mr. Anderson left yesterday afternoon for the East. He will stop on his way for a few days at Saskatchewan to inspect the new experimental farm which is now being laid out there, and of which he is the supervisor. He has just recently purchased this site for the Dominion Government, and now extensive buildings are being constructed, and a complete equipment installed as rapidly as possible.

CITY'S FINANCIAL POSITION IS GOOD

Controller's Monetary Statement Shows Limit of Borrowing Powers is Still a Long Way Off.

That the city has still a wide margin of borrowing power is shown in a statement which has been prepared by the city comptroller, Mr. James L. Raymond, and submitted to the members of the council at last night's meeting of the streets committee. The limit of the city's borrowing power is twenty per cent. of the assessment. The assessment on lands and improvements this year has been valued at \$37,875,000, so that the limit is \$7,575,000. The present city debt for all purposes is \$4,788,249, but from this sum must be deducted waterworks debt, \$1,019,000; schools, \$470,500, and local improvements, \$705,479, a total of \$2,294,979, which is met by special rates. Accordingly the amount which the city can yet borrow before it reaches its limit on the basis of this year's assessment is \$4,981,728.19.

The estimated expenditure for the year was \$1,028,398.50, plus a number of small amounts not figured on when the estimates for the year were prepared. These amounts, aggregating \$10,500, bring the aggregate expenditure to \$1,038,898.50. But from this must be deducted \$1,000 set aside for the Victoria Day celebration which was not held, and \$25,500 which will not be used this year for repairs to Smith's Hill reservoir, the original estimate of \$30,000 for this work having been cut to \$7,500. The net expenditure is therefore estimated at \$1,015,398.50.

The estimated revenue, other than the tax on land, is estimated at \$679,850.62, of which \$10,000 is the amount expected to be received through the recent advance in the liquor license which will come into force on the 15th of next month. To raise this amount will require a tax rate on land alone of 31 1/2 mills. If improvements to the amount of but twenty-five per cent are to be taxed at a rate of twenty-eight mills must be levied, while to tax improvements to the extent of fifty per cent, the same as a year ago, will require a rate of 25 1/2 mills. Last year the rate was twenty-six and a half, improvements being taxed at fifty per cent. The increase in this year's assessment of nearly \$10,000,000 accounts for the fact that the necessary revenue can be raised this year on a smaller rate than last year, provided the improvements are taxed to the extent of fifty per cent. Early in the year the proposition of exempting improvements altogether, or at least of taxing them to the extent of but twenty-five per cent, was mooted, but to do so will require a higher rate than a year ago.

The assessment for the present year has now been finally settled, the members of the court of revision last night affixing their signatures to the roll. The figures, as compared with last year, are:

| | 1910 | 1909 |
|--------------|--------------|--------------|
| Land | \$26,228,872 | \$17,960,980 |
| Improvements | \$11,602,130 | \$10,368,210 |
| Total | \$37,831,002 | \$28,329,190 |

The court of revision made a net reduction in the land assessment of \$6,458 and in the improvements, \$20,050. This very small reduction in assessable values of millions speaks well for the thoroughness of the city assessor's

work, and his fine conception of values. The city engineer, reporting on the possibility of putting a sewer bylaw to raise \$50,000 for sewer work this year, stated that the value of the sewer roll, in rates, etc., is now \$25,528.10. The roll is now charged with \$23,047 for existing loans, leaving a balance of \$2,481.10 applicable for the purposes of interest and sinking fund for a loan this year. The annual cost of a new \$50,000 loan will be \$2,328, thus indicating that such a loan can be raised this year and there will be enough revenue in rates, etc., to meet all charges.

The city engineer, referring to the financial position of the city as set forth in the comptroller's statement, points out that Victoria makes a good showing compared with other western cities, the borrowing powers of which have practically reached the limit.

Under Suspicion

If Alexander Owens did what the police believe he did and for which he now lies behind the bars at the police station, there is nothing small about his criminal propensities. Owens is under arrest believed to have purchased an automobile, McLaughlin make, about 10.30 on Thursday evening from in front of the garage of the Western Motor and Supply company Broad street. The machine was discovered yesterday standing a short distance from the Goldstream hotel where the thief had left it. Owens was arrested last night by Detectives Handley and Hutchinson. His case will receive further investigation today.

ASK PUBLIC PARK FOR UPPER FORT

Largely Signed Petition Requesting City to Purchase the Necessary Land in That Section

To be secured for the work to be located somewhere in the upper Fort street district before values in that district become greatly increased through the building up of the sections now unimproved, such a park being a necessity in the rapidly growing city, was the suggestion made last night before the streets committee of the city council by a deputation of owners from that portion of the city. On behalf of the deputation, Mr. Justice Martin addressed the committee, pointing out that as there is at present no public park or square in the vicinity of Oak Bay Junction and the need of one is yearly becoming more apparent. The land is now available, and lying as it does between the two main highways Oak Bay Avenue and Fort Street and being on the route followed by thousands of tourists who yearly visit the city, and who, many of them, do not have an opportunity of visiting North Ward Park, or the Gorge Park, such a location is exceptionally favored and the scheme should receive the support of the council.

Mr. Justice Martin read a petition signed by many owners not only by those in the upper Fort Street section but others owning property in other portions of the city. The petitioners suggested that that piece of the Pearce estate at the corner of Fort street and Belmont avenue running east from the latter thoroughfare to near Mrs. Pearce's lodge on Fort street near the Oak Bay junction, a distance of about 240 yards, and running north on Belmont avenue about 150 yards to a point near the Pigot property should be expropriated or purchased. The land can now be secured at a reasonable figure of \$30,000 or thereabouts. The property comprises about six acres.

The deputation was assured that the council will give consideration to the request.

JOHN M. MCGRAW DEAD

Second Governor of State of Washington Succumbs to Complication of Diseases.

SEATTLE, June 24.—John H. McGraw, second governor of Washington, who presided over the State's destinies from 1893 to 1897, died at 6.45 last evening at his home, 1104 First avenue north.

The struggle with death, extending over nearly four months, ended fully. He remained unconscious through the forty-eight hours preceding the end.

Gov. McGraw was first attacked with neuralgia, for which he went to the springs for treatment. On his return, a fortnight later, he was not better, and his physicians, Dr. George M. Horton and Dr. Kelley, discovered what they believed was septic poisoning. Later typhoid fever developed, and this was accompanied by severe chills at night, making the case an unusual one.

Through it all Gov. McGraw battled with the energy of a man of a strong will, and showed the qualities that had characterized him throughout his career of almost sixty years.

Senator Offered Bribe

WASHINGTON, June 24.—Senator Gore startled the senate today by announcing that he had been in effect offered a bribe of \$50,000 to withdraw his opposition to the recognition of the so-called McMurray contracts for the sale of Indian lands in Oklahoma.

Sir Wilfrid's Plans

OTTAWA, June 24.—Owing to his many engagements Sir Wilfrid Laurier has altered his vacation programme. Instead of going first to Arthabaskaville, he will go west on July 6th and on his return in September, will visit Arthabaskaville. Lady Laurier will also visit Arthabaskaville, after which she will go to Banff for the remainder of the summer.

Canadian Bank Clearings

NEW YORK, June 24.—Bradstreet's weekly bank clearings: Montreal, \$38,633,000, increase 11.2 per cent.; Toronto, \$16,385,000, increase 45.7 per cent.; Ottawa, \$3,327,000, increase 18.6 per cent.; Calgary, \$3,384,000, increase 53.6 per cent.; Hamilton, \$1,916,000, increase 23 per cent.; Victoria, \$2,889,000, increase 65.3 per cent.; Edmonton, \$1,161,000, increase 13 per cent.; Toronto, \$28,900,000, increase 4.1 per cent.; Vancouver, \$3,527,000, increase 68.7 per cent.; Quebec, \$2,188,000, decrease 4.9 per cent.; Halifax, \$1,823,000, decrease 2.6 per cent.; St. John, \$1,531,000, increase 16.8 per cent.; London, \$1,177,000, decrease 2.9 per cent.; Regina, \$943,000.

Your Week-End Outing

This being Saturday, you are no doubt planning a pleasant little week-end outing.

If you go out in a launch, you will be sure to turn up sooner or later at the Gorge.

If you take a carriage or auto, you will find no more agreeable drive than that along the Gorge road.

If you decide on the street car, no line will introduce you to such pleasures and do it so quickly as the Gorge car.

Near the Gorge you're sure of good weather, however windy elsewhere.

Around the Gorge, you are sure of entertainment. If you're inclined for sport, the fishing's great at the bridge. If you'd like a swim, jump right in—the water's fine.

Honestly, now, how'd you like to live near the Gorge? Never thought of it before? Well, think of it now.

Gorge View Park

Just Across the Bridge

offers some of the loveliest homesites in lovely Victoria.

Make it part of your outing to look over Gorge View Park, just across the bridge. Salesmen will be in the office on the ground. They're there to give you information—not to importune you.

If you want any information while down town, drop in at the office of Heisterman, Forman & Co., Government Street, or L. W. Bick, Broad Street.

NEW YORK, June 24.—Bradstreet's state of trade tomorrow will say: Warm weather has stimulated the demand for seasonable goods in Canada, and retail dealers, except in the East, have done a reasonably brisk business. Incidentally some improvement has occurred in re-orders and business in goods for fall use is looking up. Business failures in Canada for the week terminating with Thursday number 26, which compares with 27 for last week and 20 in the corresponding week of last year.

Trade in Canada.

NEW YORK, June 24.—Bradstreet's state of trade tomorrow will say: Warm weather has stimulated the demand for seasonable goods in Canada, and retail dealers, except in the East, have done a reasonably brisk business. Incidentally some improvement has occurred in re-orders and business in goods for fall use is looking up. Business failures in Canada for the week terminating with Thursday number 26, which compares with 27 for last week and 20 in the corresponding week of last year.

Helping Madrid.

NICARAGUA, June 24.—It is being claimed here today by representatives of the Estrada faction in Nicaragua

that the steamer Columbia, which cleared from New Orleans for Bluefields, carried a large quantity of munitions of war for the Madrid army, and also large speed gasoline launches equipped with Maxim guns.

Fishing still is good on the Cowichan. It doesn't seem to matter what time of the season you visit that water given the proper flies and the intelligent Walton can get a rise.

The Colonist.

The Colonist Printing and Publishing Company, Limited Liability.
1211-1215 Broad St., Victoria, B. C.

One Year \$5.00
Six Months 2.50
Three Months 1.25
London Office, 90-92 Fleet Street.

Saturday, June 25, 1910.

THE AMERICAN LIBRARY ASSOCIATION.

His Worship the Mayor has forwarded to the American Library Association a cordial invitation to hold their sessions in this city next year. Similar invitations have gone forward from the Board of Trade, the Vancouver Island Development League and the Canadian Club. Every one will hope that the invitation will be accepted, and we are very certain that the provincial government will be among the first to testify its appreciation of the compliment that will be paid to British Columbia if this distinguished gathering shall decide to hold its next meeting in the capital city.

We can speak for the citizens generally and say that the Association will receive a very cordial welcome, and add that a visit to this city could hardly fail to prove exceedingly pleasant and profitable to the visitors as well as to ourselves. This Association is easily the greatest organization of the kind in existence, and the great majority of its members are men of international repute. Its membership is numbered by thousands and its conventions are marked by discussions of a high order. Hence, its conventions are in the nature of conspicuous literary events, and their influence upon the communities in which they are held are always for good. Victoria has had the honor of entertaining many public gatherings, but none of them occupy a higher intellectual plane than the American Library Association. It is probable that the attendance at Victoria, if it shall be decided to hold the session here, will number fully six hundred members, many of whom will bring their wives and other members of their families with them.

From the standpoint of the members of the Association, Victoria offers many great and conspicuous advantages. It would be a new experience for most of them to spend a week or so in this westernmost Outpost of the Empire. They will find here a city with a charm that is peculiarly its own. They will enjoy our matchless summer climate. They will be able to feast daily and every day upon our wonderful scenery. If they wish to make side trips, they have what is an embarrassment of riches. We suppose that most of them have pictured in imagination the natural beauties of archipelagoes in the Levant and the Orient, and some of them have seen them; but, even if they have, they will find within a short distance of our city the lovely archipelago which is bathed by the waters of the Gulf of Georgia, and they will find there scenes than which the world holds nothing more charming. We who live here might be expected to have grown indifferent to the wealth of grandeur and beauty around us; but there is not one of us who can look up Satellite Channel without a feeling akin to awe at its wondrous beauty, especially if it is at evening when the sun has tinted the clouds above the Islands of Vancouver Island. When we have looked for a thousand times at the Olympics at sunset, across the broad and placid Strait, we are yet able to find new beauty in them when we look again. Each time it seems as if they were lovelier than ever before, and what follows is not for hoped-for visitors to read, but for our own people. When do you love the mountains best? Is it in winter when they are shrouded in snow and heavy clouds, broken by their summits, give us glimpses of their immeasurable grandeur? Or is it when you sit on the beach on some glorious winter day and see them gleaming in the sun? Or is it in the spring, when fleecy clouds lie in the valleys? Or is it in the summer when the nearer and lower peaks have lost their white mantle for the most part, and the higher summits shine forth in all the glory of perennial snow?

But we have wandered away from the prospective visit of the Library Association. We hope they will not fail to come and see us. They will find it well worth while, not, perhaps, as much as we will, who will learn much from them and as a community derive great benefit from their sojourn with us, but yet enough, we are very sure, to make them feel that they will not have come here in vain.

THE INSPECTOR OF MINES

Our attention has been directed to a letter written by Mr. Ralph Smith, M.P., to the Nanaimo Herald in regard to Mr. Shepherd, the Chief Inspector of Mines. Mr. Smith has not exhibited his customary good judgment in writing this letter. It is true that Mr. Shepherd opposed him at the last Dominion election, but as he is now

out of politics, he ought to be safe from criticism except for some failure on his part to discharge his duty as a public official. We confess to a good deal of surprise that Mr. Smith has not looked at the matter in that light. He cannot assert that Mr. Shepherd is not fit for the post to which he has been appointed, but only that in his opinion the appointment was a political one. He says that he charged during the campaign that Mr. Shepherd had been promised the office in consideration of his being a candidate, and that although Mr. Shepherd denied this, he yet believes it was true. Really this is not worthy of Mr. Smith, who, even his political opponents have believed, was a man built on broader lines than his letter indicates.

We confess to be unable to see any justification for Mr. Smith's letter. It was called forth by the announcement that the Deputy Minister of Mines and the Chief Inspector were making a tour of the Province to see in what respect the law requires amendment. Surely this is a laudable mission, and the fact that Mr. Shepherd opposed Mr. Smith at an election does not constitute any reason why his fitness to make such an investigation should be called in question. It will be time enough to criticize what Mr. Shepherd shall recommend after he has recommended it; it will be time enough to question his fitness for office, when we have been shown some ground for doing so.

FIRST PRINCIPLES.

Our object in defining the extent of British sovereignty in British Columbia was not for the purpose of indicating the spirit in which the settlement of the claims of the Indians shall be approached, but to define the basis upon which that settlement should rest. It is simply this:

The Indian claim is a moral claim, not a legal one.

If this primary fact is lost sight of, and it is being lost sight of by some people who are interesting themselves in the Indians, settlement may be difficult. The Indians have legal rights in their reservations, of which, speaking generally, they ought not to be divested without their consent. They may be divested of them although they object, if the welfare of the community demands, just as a white man is not permitted to assert his right of property to the permanent disadvantage of the community; but the title in the reserves is not a sovereign title or anything resembling it, and they have absolutely no title whatever to land not included in reserves. So far as vacant Crown lands are concerned they are in identically the same position as white men, who may fish, hunt, pick berries or pasture cattle on them for any length of time without acquiring title adverse to the sovereign, for time does not run against the sovereign, except in the case of actual possessio pedis, where a grant may be presumed from long, exclusive and undisputed possession. The sooner the Indians learn this the better for all concerned, for then it will be less difficult than it now seems to be to reach conclusions that will be just and equitable to both sides.

But we may be asked why we propose to discuss a settlement if the Indians have no legal claims. The answer is that, as we have taken possession of the country, we are morally bound to see that our possession does not prove a hardship to the original inhabitants, and also because we wish to avoid the possibility of the Indians taking a position of rebellion against the sovereign power. We do not expect the Indians to be able to appreciate the fundamental principles of the laws of the white race, and their acquiescence in the application of those principles to them is likely to be rendered needlessly difficult by unwise advisers. A great deal of the misapprehension that has arisen is due to the employment of language in a loose way. For example, we talk of the extinction of the Indian title, and we call agreements made with Indian tribes treaties. Colloquially these expressions are sufficiently correct; legally they are misleading. The Indians are either British subjects or they are not. If they are, and it will scarcely be denied that they are, the Crown cannot make a treaty with them, for treaties are made between sovereign powers, not between a sovereign power and persons subject to it. We may make an agreement with a band of Indians whereby they undertake to abandon certain tribal privileges, but this does not recognize title or acknowledge anything more than a moral claim, to receive compensation for the loss of those privileges.

When it comes to an admission of this moral claim, we are prepared to go as far as any one else, even to the extent, if it is deemed just, to re-open the question of the reservations, but we protest as strongly as we can against the erroneous idea that the Indians possess any title to vacant Crown lands, which must be extinguished before the laws of the province apply to such areas.

The action of Sir Wilfrid Laurier in acknowledging that victims of the Montreal Herald catastrophe were buried in the ruins by uncovering his head while he drove by in a cab, is the subject of complimentary references in the press. They are hardly necessary, for we all know that the Prime Minister is a gentleman of refined ideas and a kindly heart. However vehemently we may "confound

his politics," no one ever intimated that he is not after all a simple-hearted and sympathetic gentleman.

England was built on rowing, cricket and football, say the good people of Nelson, and therefore the University ought to be located there. If this is a reason in Nelson's favor, how much more eloquently does it argue for the choice of Victoria.

The observations made by General French after witnessing the work of the local militia force at Calgary will make our prairie friends feel very proud. And that is how they ought to feel, if they deserve all the General has said of them.

The vessels of the Canadian navy are to be built in Canada; at least the tenders now asked for will so stipulate. We suppose that before awarding contracts the Government will see how the prices will compare with what similar vessels can be built for in the United Kingdom.

The Minister of Railways is quoted as saying that "the era of railway building has begun in Canada." Here's a hand on it, Mr. Graham; but for goodness' sake don't let any other railways that you have anything to do with cost as much as the National Transcontinental.

Things are beginning to look as if every one will admit the correctness of the Colonist's position in regard to the Goldstream source of water supply, when we said that the ratepayers would one day regret that they did not take that property when they could get it on terms more advantageous than are likely to be again available.

Mr. Eugene Zimmerman, who is a railway millionaire, says that if Mr. Roosevelt is again elected president he will go to England and become a British subject. Mr. Zimmerman has given the people of the United States fair notice of what will happen, and if the country forthwith goes to the demnition bow-wows, his skirts will be clear of all responsibility.

The new map of Vancouver Island, which Messrs. Hibben & Co. have issued, is exceedingly valuable. It shows all the granted land and timber leases and timber licenses up to date, and as there are to be no more leases or licenses for years to come, the map will be up-to-date in this respect for a long time. Every person who wishes to be informed as to the condition of the area of Vancouver Island should have one of these maps at hand.

And now Mr. Gerrard Flennes, an English naval expert, says that there is going to be war between the United States and Japan. He says that the Japanese do not believe that the United States navy is a real fighting force. Perhaps it is not; but the man who is indulging in the belief that Japan could come out victorious from a struggle with the United States, is badly fooling himself. If such a war comes, it will mean that in the end both shores of the North Pacific ocean will be in the hands of the white race. Just make a note of this little prophecy.

The corner of Yates and Government streets is in some respects the most important in the city. All the street car lines meet here and here very many more passengers embark and disembark than at any other point. There is a great deal of necessary traffic, and the fact that there are two places of entertainment within a short distance of the corner adds very much at times to the congestion on the sidewalks. Yet it is at this point that scores of men are permitted by the police to loiter, although frequently it is necessary for those who wish to pass along the street to go out into the carriage-way. Ladies have complained to the Colonist of this, not because they have been exposed to insult or anything like that, but because it is very annoying and frequently inconvenient to be compelled to work their way through a crowd of idle men, who, in the very great majority of cases, are smoking and are not always quite as particular as they might be in their language to each other. The police should disperse these crowds of idlers, or compel them to resort to a less public place.

During the last ten years 1,500,000 immigrants have entered Canada. Of these 600,000 have come from the United Kingdom, nearly as many from the United States, and the remainder from non-English speaking countries. An Ottawa despatch says: "The Immigration Department has in compilation a new pamphlet, giving facts and figures respecting the immigration of the past decade up to the close of the last fiscal year. The records show that of the total immigration from Great Britain since 1900, England and Wales sent of 420,000, Scotland about 115,000, and Ireland about 35,000. During the past fiscal year the total immigration was 208,794 distributed as follows: From United States, 103,798; from England and Wales, 41,144; from Scotland, 14,706; from Ireland, 3,940; from other continental countries, 45,206; from Japan, 271. The deportations during the year totalled 734, and since 1902 the total has been 3,883. Of the total deportations over 2,000 have been English immigrants. During the past fiscal year 8,997 persons seeking admission to Canada from United States were debared as undesirable."

Dr. Pugnani and Mrs. O. S. Walker from Portland Ore. are visiting in the city.

Mrs. J. W. Benson from Chicago is visiting Victoria and is a guest at the Empress.

Miss B. Gaudin has gone over to Vancouver where she will be the guest of friends for about a month.

Mr. J. C. Caston is a visitor in town from Sheffield, England and is a guest at the Empress.

Miss Mary Walker from London, Ont. is the guest of relatives in town.

Mrs. Lugin and Mrs. Nathaniel Shaw will be hostesses at an at home on Tuesday afternoon, June 23.

Mr. Frank Sehl, of the provincial bureau of information, left yesterday via the Northern Pacific on a trip to Portland, Ore.

Mrs. Emmett Ewers, formerly of Victoria and now a resident of Seattle,

after a few days visit to friends of this city, returned home yesterday.

Mr. A. G. McCandless, of Vancouver, is visiting Victoria.

Mr. and Mrs. L. J. Abbott, of Vancouver, are visiting friends at the capital.

Miss M. R. Field is spending a short holiday with her friends, Mr. and Mrs. M. L. Jewell, at Vancouver.

Mrs. C. S. Keith, of New Westminster, is making a week's visit with Victoria friends.

Mr. and Mrs. J. D. Prentice has returned to their home at the famous Gang ranch.

Mr. J. W. Alexander has returned to Nanaimo after a week's visit with his friend, Mr. Robert Vipond, of Victoria.

Mr. John Piercy, one of the foremost business men of Prince Rupert—as he was formerly of this city—is visiting his very many Victoria friends.

Mr. and Mrs. Frank Shute, with their small son, and Miss Whitehead, have arrived from New Westminster, to take up their residence here.

Miss Mary Melvor, who has spent a week as the guest of Mrs. G. N. Mowat, returned to her home in Vancouver yesterday.

Mr. Stanley Porter and his bride (nee Miss Pauline May Gillespie) are among the honeymoon visitors at Banff.

Mr. Robert Green has returned from Montreal, where he has completed his second year in law at McGill University.

Among the many Winnipeg visitors now in town are Messrs. H. Russ, R. R. Patterson and Mr. and Mrs. William Scotte.

Mrs. Robert Walsh who has been the guest of her aunt, Mrs. Leeder in Tacoma for the past few weeks returned to town yesterday.

Mr. Arthur V. Kenah who has been in town on a short business visit returned to the Terminal city last evening.

Mr. James Jensen, of Nanaimo, who has been spending the past few days in Victoria, has left for Quatsino, where he is interested in a number of mining properties.

Mrs. Mackay, of Mears street who has been visiting friends at Vancouver for the past couple of weeks returned yesterday afternoon by the steamer Princess Royal.

Mrs. W. E. Batlin is among the latest arrivals in town from the Old Country as are also Messrs. H. C. Burrard and Mr. W. T. Burrard from Misbeach, England.

Mr. "Toots" Lawson and bride (nee Cartier) have returned from their honeymoon trip and have taken up their residence with the bride's mother, Mrs. M. Cartier, 1131 Yates street.

Miss Gillespie has returned from Ladysmith, where she had been making a short visit with her parents, Mr. and Mrs. Gillespie, of Buller avenue.

Mr. and Mrs. Penflect, who have been visiting with Victoria friends, have returned to the mainland. While here they were the guests of Mr. and Mrs. Gordon Haverton.

Mrs. A. Pittcock, who has been making an extended visit in the city with Mrs. C. E. Watkins and other friends, left yesterday via the Northern Pacific on her return to her home at San Diego, Cal.

The marriage of Mr. George D. W. McCurdy, of the staff of the Fairview branch of the Imperial Bank, Vancouver, and Miss Anita A. Heyland, of Victoria, will take place on July 2nd at Christ Church Cathedral, Victoria.

Messrs. Shirley Ellis and Kenneth Dean have left for Jordan River, where they will be engaged during the summer months. Messrs. "Zete" Johnson and "Buck" Macfarlane, both well known in local athletic circles, have left for Stewart and Prince Rupert.

Mr. Harry J. A. Kernbach is receiving the congratulations of his many friends upon his initiation into the mighty order of the benedictines, his marriage with Miss Marguerite E. Sultzin, of Minneapolis, having been solemnized at Nanaimo on Tuesday last by Rev. J. Forbes Robertson.

Mayor Stork, Ald. Barron, Messrs. A. W. Agnew and W. E. Williams form the Prince Rupert deputation now in the city to confer with the Government on the city's water problems. During Mayor Stork's absence Ald. Mobley is acting-mayor of Prince Rupert.

The beautiful grounds of Capt. Eliston, corner of Cloverdale avenue and Quadra street, will be en fête on Tuesday next when the ladies of St. Mark's church will hold their annual garden party. Tea, ice cream, strawberries, etc., will be provided, and in addition there will be stalls for fancy work, home-made candy, etc., a fish-pond to attract the younger ones, while those who wish to know the future may have their fortunes told by a palmist. It is expected that a large number will avail themselves of this opportunity of spending a pleasant afternoon.

Mrs. Bamfylde Daniell of Victoria is on a painting expedition in the mountains with her pupil, Mrs. Althea Coley, making her headquarters at Laurie, Illecillewaet. The Vancouver Island Arts Club, of which Mrs. Daniell is a moving spirit, has decided to hold its first exhibition in September at the fall fair in Victoria, when the members and officials of the club will have the entire management of the art department. In the course of her painting tour Mrs. Daniell has visited Albert Canyon and will probably make a stay at Glacier.

Among Victoria delegates to the annual convention of King's Daughters now being held at Vancouver are: Mrs. A. B. McMicking, Mrs. W. H. Bone, Mrs. E. H. Hiseock, Mrs. Hearn, Mrs. Morley, Miss Morley, Miss Sperry, Miss Cleburne, Miss Jesse, Mrs. Lort, Mrs. Dickenson, Mrs. Watt, Mrs. Marvin, Miss Marvin, Miss Edith Fell, Mrs. Hasell, Mrs. Hardie and Miss Leitch of Victoria; Miss Wilson, Mrs. Holmes, Miss Holmes, Mrs. Whitmore, Miss Duncan, Miss Robertson, Mrs. McDonald, Mrs. Christmas, Miss Stevens and Miss Lomas of Duncan, Mrs. Reid, Mrs. Clark, Mrs. Smart and Mrs. Field of Metchoin.

Washable Fabrics

Fine Summer weather brings washable materials into first consideration. Nothing looks so charming for Ladies' Misses', and Children's wear as fresh and dainty "tub" frocks. Our assortments are representative of the season's newest and best ideas. Here are a few price hints that will solve the problem of washable costumes—a variety of fabrics both beautiful and useful for outing and Summer wear:

Opening New Showrooms Today

Big stock of Mason and Risch Pianos, received direct from the factory, at
809 Government Street - Opposite the Post Office

Today we invite you to call at our new Showrooms on Government Street, opposite the Post Office. We are proud of our new home, and there is good reason for being so. These Showrooms have been specially prepared for us, and everything arranged in the most up-to-date style.

We have an excellent display of Mason & Risch Pianos—the pick of the factory—specially selected for our opening display, and for quality of tone these instruments are unequalled. Call at the New Showrooms this afternoon or evening and ask for the booklet, "Where Music Dwells."

AMUSEMENTS

Pantages

A matinee this afternoon and two performances tonight will be the last of vaudeville in the Pantages during the summer season. The show this week has many pleasing features and

has attracted appreciative audiences all week. The Lewis & Lake Musical Comedy company will arrive in Victoria tomorrow direct from San Francisco all ready for the big opening on Monday.

New Grand Theatre

The success of this week's big show

at the Grand depends considerably on Cabaret's dog circus, which will show for the children the last time today. The matinee will be a children's feature this afternoon, when the full performance as given at night will be seen. Billy K. Wells, the Hebrew orator, who is the big laugh maker of the show; Madred Stoller, the singing

change artist; Ward and Weber, dancers; and Harry P. Pongold and Marie Girard appearing in a civil war drama, are the other big turns. There are also the song and pictures, which round out a very enjoyable and attractive bill.

NEWS OF THE CITY

Alexandra Club Hosts.

The members of the Alexandra club assisted by the members of the University Women's Club will on Monday at 8.30 p.m. entertain the members of the University site commission at the rooms of the Alexandra club.

Sunday School Picnic.

The Centennial Methodist Sunday School has arranged to hold its annual picnic at Sidney park on July 1. The Centennial cornet band will be in attendance and a good programme of sports has been arranged including a baseball match.

Picnic July 4th

Final preparations for the picnic to be held on July 4th at Sidney will be made by the committee in charge at a special meeting to be held at the American Consulate, Government street, this evening. All those concerned are asked to attend.

Orphanage Donations

In addition to the donations published yesterday the ladies of the Orphanage committee desire to acknowledge with thanks three pounds of tea, Mrs. C. Baxter, Caledonia avenue; and three bags of potatoes, Miss Henderson, Cedar Hill.

Owners Protesting

Property owners along the lower portion of Cook street are complaining at the excessive width of the boulevards which are being constructed. They aver that this width is such that the roadway has been greatly curtailed and that there will not be room left for the rapidly growing traffic.

To Conserve Wild Plants.

Intending participants in the Natural History Society's excursion to Cedar Hill park in conjunction with the mayor and council are reminded that the start will be made from the city hall at 1.30 o'clock this afternoon. The object of the excursion is to ascertain the extent of the park and its adaptability as a reserve for the conservation of wild plants.

Violin Lake Records

The long-pending dispute between the city of Trail and the C. P. Lumber Company as to priority of record of the waters of Cambridge Creek (Violin Lake), which has been before the Minister of Lands, the Provincial Executive, and the Board of Water Commissioners on several occasions lately, has now been ordered to stand in abeyance until the early autumn.

Accepts Call.

Rev. J. W. Warnicker, B. A. (late of Toronto), has accepted the invitation extended to him by the members of the First Baptist church to become their pastor. He will enter upon his pastoral duties immediately. At tomorrow's services the letter of acceptance will be read to the congregation. Rev. Mr. Warnicker has held important pastorates at Toronto and Winnipeg and for some years past has been representing Canada Baptists in Great Britain.

Jaunt to City Park

This afternoon at 1.30 o'clock the members of the city council and the Natural History Society will make a trip to Mount Douglas to look over the ground whereon the society is anxious that the city should permit the location of a species of botanical garden or wild flower preserve. Conveyances will leave the city hall at the above hour and any citizens desirous of going along will be welcomed. A fare of fifty cents for the round trip has been fixed.

The Police Court

In the police court yesterday morning Alfred Williams, Yates street, was fined \$10 for keeping an unlicensed dog. He disclaimed ownership of the animal, and George Murphy, who appeared for the defence, stated he would lodge an appeal. J. F. Lawson, who was arrested on complaint brought by a saloon-keeper who stated that he had given Lawson \$150 to bet on a horse and instead of doing so he had pocketed the money, was dismissed. He claimed he made the bet and the horse didn't win. The saloon-keeper did not bring a charge. W. Kiley, owner of a racehorse, was charged with drunkenness and paid the usual fine.

Owners Somewhat Shy

Small encouragement has been given to Alderman Mable, chairman of the civic electric light committee, and Alderman Sargison, who have been making the rounds of the property owners in the downtown section, where it is proposed to install the underground system of conduits for telephone wires. The idea is to get the owners to agree to permit of the running of laterals from the street conduits into the centre of the various blocks whence the wires will be distributed to the various users. In some cases it is proposed to carry the wires up the outside of buildings, where access for a conduit cannot conveniently be made underground to the centre of the block. But some of the owners are averse to granting any rights to the city or telephone company and the work of securing such agreements is proceeding very slowly. Unless the owners all join in the scheme there is every likelihood that it will not prove feasible.

"BOOST" FOR VICTORIA

Pacific Northwest Library Delegates Leave for Mackinaw Today.

The Northwest Pacific delegates to the executive meeting of the American Library Association leave for Seattle, Portland and other near American cities for Mackinaw, Ill., tomorrow, committed to talk and work with the object of securing the great convention of next year for this city. It is expected that Ottawa will offer the principal opposition, and a deputation of twelve Ottawa "boosters" will do all in their power to secure a verdict for the Canadian capital city. Mr. E. O. S. Schofield, who during the past two years has been working indefatigably in Victoria's behalf, who secured the endorsement of this city by the Northwest association, and who induced the Northwest auxiliary to hold their 1910 sessions in this city, has been unable to go. The A.L.A. convention will mean the attendance of about one thousand of the foremost public librarians of the world, with members of their families, for ten days or a fortnight, these being peculiarly situated to favorably advertise the convention city in after years.

THE WEATHER

Meteorological office, Victoria, B. C., at 8 p. m., June 24, 1910.

SYNOPSIS.

With the exception of rain at Tootouch the weather has been fair over the North Pacific slope, cool on the immediate coast but warm inland between the Ranges. In the prairie provinces the pressure is lowest in Alberta and Saskatchewan; showers have fallen at Battleford and Winnipeg, but fair and warm weather has been general.

TEMPERATURE.

KETTLE VALLEY RAILROAD

Construction Commences and 25 Miles of Line Will Be Built This Year.

It is understood that active construction of the first section of 25 miles of the Kettle River Valley Railway up the Coldwater River, began at Merritt yesterday. Mr. M. A. Long, of Spokane, is in general charge of operations, and expects to have between 1,500 and 2,000 men engaged on construction work before the end of the month. It is stated that the line when built up the Coldwater will be rushed across the Hope Pass toward Vancouver as rapidly as possible, thus opening up new markets for the coal and other products of the district. The line from Midway will be linked up later. At least 25 miles of the road will be built this year. It is understood that Tierney & Co. of Nelson have the entire contract and have sub-let. Penticton is to be the chief divisional point of the new railway.

Students' Picnic

This morning about 75 matriculation students of the High School and their friends will leave on the 9 o'clock E. & N. train for the Goldstream district and enjoy a day's outing picnicking in the woods. The party will return to the city on the 7 o'clock train in the evening.

Scout Jones Winner

The statement in yesterday morning's paper to the effect that Scout Lee had won the cup presented by Col. Hall at the annual garden party and sale of work held in St. Paul's rectory Thursday afternoon and evening, was in error. Inasmuch as it was Scout Jones who won out in the final round, which had to be shot off on account of the tie which had resulted.

In Woman's Realm

Here and There

These are the days when girls and boys come home from school tired and excited bringing with them lists of questions that few of their elders without reference to forgotten text books can answer. And when the lists are read out or published it will be the teacher whose pupils possess most of the information which grown people find of so little importance in after life who will be praised and advanced and the young person whose name stands at the head of the list who will receive the congratulations of friends and the approval of relatives.

It may be that both teacher and pupil are deserving of all the honor they receive, but on the other hand it may very well happen that neither is worthy of commendation. It is the correct answers show that the pupil has acquired the power of thinking and observing for herself or himself, then they are worth a great deal, if they show that a certain amount of information has been memorized, they are worth little. There are not enough teachers who realize that next to the influence of the school upon character and contributing much to this, is the power it gives the pupils to gain knowledge from the books they read. To be able to understand and appreciate an author's work is worth more to a boy or girl than to know all the lists of facts and names of places contained in all the correct answers of all the papers ever sent in.

There are thousands of boys in Canada today who can parse and analyze poems and who can write quotations from Shakespeare and Wordsworth and Shelley, who when left to themselves, will read nothing but the sporting pages of the newspapers and admire nothing so much as the colored supplement.

Curious and wonderful facts about birds and animals, plants and minerals will be related by pupils, who take no note of a bird's song and are blind to the beauty of a wayside flower. The book that is not worth reading should not be in the schools and the teacher who can not or will not help the child to discover the meaning of the author and to enter into his spirit as far as that is possible, is a failure through his whole class gain promotion. How far the examination system of compelling the memorization of information prevents the education which develops the brain and quickens the sympathies is a question which wise men are asking today.

The mild climate of Vancouver Island ought, it might be thought, to adapt it especially to be the home of those little birds who by devouring insects, preserve orchards. Yet the absence of these little friends of the

BRUNOT HALL

A Church school for girls in Spokane, Washington.
is one of the best schools in the west. In all its various departments it aims to have the very best instructors and the very best equipment possible.

The ideal church school is one whose aim is to develop each girl committed to its care in the very best way possible, physically, mentally and morally; to this end every effort is made to secure ladies for the faculty who are of good family, educated in the best schools and colleges and who will be interested in the development of each individual girl.

The climate is not severe but wholesome and invigorating. The school buildings are cheerful and home like. A beautiful gymnasium serves as a music hall, and for plays that are given every year.

The music department is under charge of foreign trained teachers. The art studio gives training in all the different branches of art, water color, drawing, china painting and a new domestic science department is to be added this year. All these advantages tend to make Brunot Hall an ideal home for girls.

St. George's School
Victoria, B. C.

fruitgrower is remarked by all strangers. Our great fir forests are not inhabited by many species of small birds. But as the land is cultivated and smaller trees and shrubs grow more plentiful would be visited by more of the migratory birds. It is a question whether it would not be wise to assist nature in this matter, and to bring here such birds as would be likely to thrive on the Saanich peninsula. We spend every year many thousands of dollars in destroying insect pests that birds could rid us of more effectively.

In the middle states the Ohio conservation society has been studying this matter and publishing the results of its observations. The records of thirty states show that forty per cent of the birds have disappeared and that many valuable species have become very rare. The aim of the society is to preserve those that are left and, if possible, to increase their numbers. To show how necessary this work is they describe the work of the birds. One variety of the scarlet tanager is a deadly enemy of the gypsy moth, one of the apple tree pests. He has been seen to devour thirty-five caterpillars in a minute and it has been computed that a pair of these birds would save one apple tree every week, if they were allowed to work without interruption.

They have found that warblers, vireos, chickadees and several other common species are equally active in their quest of insects and larvae which mean destruction to the fruit crop. They examine both sides of every leaf, picking off the larvae just hatched, their migration coming at a time when the insect eggs are hatching most rapidly. Again in the fall on their return they perform a similar service. During the summer months the resident vireos, chickadees, orioles, tanagers, thrushes, cuckoos, etc., fly over the fruit tree leaves constantly every day, killing untold myriads of pests. It is well worth while to try by every means to preserve bird life in the neighborhood of our city.

It should not be hard for mothers and teachers to foster in the children their love of nature and to persuade them to leave their nests unmolested. Even the English sparrow, quarrelsome little rascal though he is, will not allow the tent worm to flourish. A lady who has large and beautiful grounds regularly supplies the birds with fresh water. These are some of the ways in which we can help in the preservation of the birds already here and encourage more to come. It must not be forgotten that hungry cats are inveterate enemies of the birds and that those housekeepers who leave their pets at home when they go out camping are not only thoughtless but cruel.

"There is nothing for curing mental darkness and enabling the mind to perceive as effective as training the eye. I think a class in art would be a good system of cure," was the suggestion made by a novelist and artist who had been obliged to go to a hospital for the insane for treatment. The suggestion was adopted and the speaker became the teacher. Of the forty men in the ward there was not one who was not eager to learn. The experiment is still new but as far as it has gone has been successful. Surely there has been a great advance in the treatment of diseases of the brain during the past generation. These men who in a New York hospital are making cartoons and water color sketches and drawing designs for sofa pillows or metal work, are already here and encourage more to come. It must not be forgotten that hungry cats are inveterate enemies of the birds and that those housekeepers who leave their pets at home when they go out camping are not only thoughtless but cruel.

Is it possible that in the next generation there will be as great a reform in the management of our prisons as there has been in that of our lunatic asylums? We no longer believe that the man or woman whose brain is disordered is doomed to perpetual illness. Doctors have learned that by careful treatment and a healthy environment many can be cured and almost all benefited. Pleasant occupation, exercise, amusement or provided. As far as possible restraint or interference is avoided. Every energy of physician and attendants is exerted towards the recovery of the patient. Advantage is taken of every healthy impulse and of every talent which the sick man possesses.

Can the bodies and the minds of men be healed and not the moral nature?

Why should we think that the great army of men, most of them young, who have been committed to our prisons are incapable of reform? Why should they be forced to live an unnatural life of monotonous labor and then released with the stain of the prison upon them? It may be that our children will look upon our methods, which result sometimes in a man spending a long lifetime in prison with short intervals of freedom, with as much aversion as we now do the strait jackets, the dark cells and the blows that were once considered the only methods possible in treating the insane.

stage, was a box-furnished cottage, consisting of a kitchen, dining room, living room and bed room, the whole thing made of packing boxes, designed, trimmed, draped and painted by a girl student. Along the front row of the platform were not only the usual ferns, palms, etc., but artistically arranged in groups were giant cabbages, onions, carrots, turnips and other seasonal vegetables.

There was no speechmaking by the president, who simply introduced the pupils as they went through their exercises.

"First to appear was a young man, Collins Harry Robinson, who delivered the salutatory, his subject being, 'Managing a Dairy.' He came upon the platform dressed in a dairyman's white trousers, coat and hat, and proceeded in a businesslike way to tell in simple and direct straightforward language what the dairy business was; then analyzed milk, giving its chemical constituents, and then illustrated the care of the milk by the use of machinery in purifying it and airing it and bottling it. It was all done in about ten minutes, and every one listening to the salutatory than he had ever known before. It was something different from the Latin salutatory at Harvard or the English in our other New England colleges, and most effective.

"Another young man, John Henry Ward, took for his subject, 'The Advance of the Bolt Weevil,' and told all about it and how to meet it. A young woman, Miss Teresa Simpson, took for her subject, 'Growing Flowers as an Occupation.' She was dressed just as she would be at work in her garden, or her hot house, in a homespun apron and plain clothes, and what she didn't know about the subject, both as a business proposition, and as a scientific theme, is not worth telling.

In the afternoon, "The box furnished cottage which had taken up a great part of the stage was removed and the platform was covered with machinery and appliances representing the different trades which were taught the students. A blacksmith's forge and anvil with all the paraphernalia had been added, also a shoemaker's outfit. The girls' industries were represented by dressmaking and millinery establishments and exhibits, and also mattress-making. The whistle from the steam engine on the stage was blown, and here followed an exhibition of the students at work at their several industries. The exercises were closed by a five-minute address full of earnest practical advice from Dr. Washington.

QUEEN'S ACADEMY

It was the little ones who gave the entertainment to parents and friends at the closing of Dr. Pope's school (Queen's Academy) yesterday afternoon and a very delightful one it was. The singing under the direction of Miss Pope, was especially good and the recitations well chosen and simply but expressively rendered. But though all did well the little folks who played Mother Goose afforded the greatest amusement. The following was the cast: Mother Goose, Verna Gillespie; Bo Peep, Elva Rogerson; Boy Blue, Madge Randall; Simple Simon, Robert Balcom; Jack Horner, Greta McDougall; Tom Titmouse, Gwendoline Verrinder; Old Man in Leather, Hazel Fowler; Jack, Doris Lambert; Jill, Amy Luff. Though the older girls did not sing or recite their nicely written and well composed articles showed that they had acquired an art which they will find very use in after years. The junior and senior Queen's Academy Journals, which Dr. Pope assured the visitors were composed and written in the schoolroom would have done credit to older and more experienced journalists. The readings by Ruth Elliott and Miss Evelyn Leavell were admirable. Miss Minnie Moody was editor of the junior paper and the staff consisted of Isabella Elliott assistant editor; city news, Ola Balcom; school news, Charlotte Birtwell; editorial, Margaret McBride; artist, Madeline Chivers; Florence Wood, Ethel Gillespie, Ruth Wood, Regina Verrinder, Evelyn Leavell, Marguerite Verrinder and Helen Leavell formed the staff of the senior journal.

The following was the programme:
Song—"Vacation Days"
Recitation—"The Little Planter"
Recitation—"All Yellow"
Reading of Junior Paper.
"Chorus of Flowers"
Recitation—"The Minuet"
Recitation—"A Joke"
Reading of Senior Paper.
Song—"Daisy Fair"
Recitation—"My Shadow"
Recitation—"The Cathedral Chimes"
Mother Goose
God Save the King.

At the close of the entertainment Dr. Pope read out the following honor rolls:

Senior division: Head of school, Evelyn Leavell. General president, Fifth class, 1, Evelyn Leavell; 2, Marguerite Verrinder; 3, Regina Verrinder; 4, Helen Leavell; 5, Edith Galley. Fourth class: Seniors, 1, Ola Balcom; 2, Elleen Miller; 3, Madeline Chivers; 4, Margaret McBride; 5, Isabella Elliott. Juniors, 1, Gertrude Musson; 2, Kathleen Galley; 3, Charlotte Birtwell.

Special subjects: Book-keeping: Marguerite Verrinder, Florence Wood. Algebra: Marguerite Verrinder, Florence Wood. Geometry: 1, Ruth Wood; 2, Marguerite Verrinder. Zoology: 1, May Wood; 2, Evelyn Leavell; 3, Florence Wood. Edith Galley. Roman history: 1, Evelyn Leavell, 2, May Wood. Latin: 1, Marguerite Verrinder; 2, Florence Wood. French: 1, Evelyn Leavell; 2, Helen Leavell. Deportment: Florence Wood, May Wood, Ruth Wood. Regularity: Ola Balcom, Piffness: Minnie Moody. Promoted to Fifth Reader: Ola Balcom, Elleen Miller, Madeline Chivers, Minnie Moody. Promoted to Senior Fourth Class: Gertrude Musson, Kathleen Galley, Charlotte Birtwell, Florence Miles.

Junior division: Third Readers: Reading: Gwendoline Verrinder. Geography: Elizabeth Gray. Second Readers: Spelling: Verna Gillespie. Composition: Eva Griffith. Reading: Hazel Fowler. First Readers: Reading: Doris Lambert, Ruth Elliott, Doris Lambert.

SOLDIERS' SPORTS AT CANVAS TOWN

Crowds Expected to Flock to Militia Athletics and "At Home" at Macaulay Point This Afternoon

It is expected that a large number of people will visit Macaulay Plains this afternoon when the annual sports of the Fifth Regiment C. G. A., now in camp, will be held. The regimental band will give a band concert during the progress of the sports. The track, a circular one 440 yards long, has been laid out and seating accommodation arranged. The officers, sergeants and companies will be "at home" during the afternoon. The first event is called for 2:15 o'clock. Many contestants are expected to enter in every contest, and a good afternoon's sport is anticipated. A feature event will be a presentation by Miss Pawcett of a flag presented to the Boy Scouts by Mr. Edgar Lawton. There are some competitions, too, for the Boy Scouts, a large attendance of whom is expected. Lieut.-Col. J. A. Hall, the former commanding officer of the Fifth Regiment, has presented a silver cup for the mile race.

Complete Programme

The programme of events is as follows:

- 1—2:15—Two mile walk in uniform, drill order.
- 2—2:15—Broad jump.
- 3—2:25—100 yards dash.
- 4—2:30—One mile run.
- 5—2:45—Running high jump.
- 6—2:45—16 lb. shot.
- 7—3:00—Officers' race, 100 yards, handicap.
- 8—3:15—220 yards dash.
- 9—3:25—Boy Scouts, 100 yards, under 12.
- 10—3:35—Bandmen, 100 yards dash; must play instrument while running.
- 11—3:40—One mile race.
- 12—4:00—One mile relay race for Boy Scouts only. Each troop to enter one team.
- 13—4:10—Obstacle race.
- 14—4:20—Obstacle race, Boy Scouts only.
- 15—4:40—140 yards dash.
- 16—4:50—Tent pitching contest.
- 17—5:10—One mile relay, four men.
- 18—5:10—Throwing 56 lb. shot.
- 19—5:20—Balachava melece.
- 20—5:30—Tug of war.

The rules to be followed are: Three to enter or no second prize. Referee's decision final. Entries must be in fifteen minutes before race called. No spiked shoes allowed. Prizes awarded at close of sports.

The officials appointed follow: Referee, Lieut.-Col. Currie. Judges: Major Angus, Major Winsby, Capt. Harris. Starter: R. S. M. McDougall. Timers: Lieut. Bruce, Co. Sergt.-Major Cavin. Clerk of the course: Co. Sergt.-Major Nesbitt. Scorer: Gr. Winsby. Announcer: Gr. L. Brunell. Track stewards: Co. Sergt.-Major Lorimer, Corpl. Fleury, Corpl. Dutot, Corpl. Birch, Sergt. Richardson, Co. Q. M. Sergt. Porter, Tptr. Kent.

Gun Practice

Last night No. 2 company, Major W. N. Winsby, held its competitive practice with the six inch guns, firing sixteen rounds of service ammunition at a floating target moving at ranges increasing from 600 yards. The shooting was very good. On Thursday night No. 3 company fired its preliminary practice with the twelve pounder field guns, making good practice at targets moored in the Roads with shrapnel, and on Tuesday night this company will carry out its competitive battery practice. No. 1 company will carry out its competitive practice with the twelve-pounder guns of the Esquimalt batteries on Monday night.

Tommies' Entertainment.

On Thursday night a largely attended smoking concert was held at Macaulay camp. The concert, arranged by No. 2 company, was attended by the majority of those of No. 2 and 3 companies at Macaulay point, and many members of the permanent forces from Work Point garrison. At Esquimalt No. 1 company had an enjoyable smoking concert also. No. 3 company is arranging for a concert to be given at Camp Macaulay, on Monday night.

Gazetted as Majors

Major Winsby, of No. 2 company, and Major R. Angus, of No. 1 company, have been gazetted as majors from April 19. Announcement of their promotion has just been received from Ottawa.

Those in charge of the arrangements for the international yacht regatta here next month are to be congratulated. It looks already to be impossible for anything to go wrong. All that is wanted is fine weather and a good sailing breeze.

NORTH WARD WINS FROM THE OAK BAYS

Interesting Intermediate Lacrosse Match Played at Royal Athletic Park.

Fourteen to two was the result of the intermediate league lacrosse match between the North Ward and Oak Bay teams last evening at the Royal Athletic grounds. It was won by the former, the feature of the contest being the admirable work of "Johnny" Johnson on the home for the successful twelve. Johnson is not unknown among local players. He has been seen among some of the fastest but was forced to retire last season because of a bad knee. However, it is expected that he will be among the North Ward seniors in the next local league game. The Oak Bays' for a team making its first appearance, did very well. Unquestionably their twelve with a little more practice and experience will show up to better advantage.

AT HALF TIME

Joe Bailey, one of the finest little amateurs of the northwest, was foolish to allow a little dispute arising on the lacrosse field to carry him to extremes. The reputation he will earn through the display of such a spirit will not be enviable. He is a splendid all-round athlete and should be above billiard room bickering.

W. F. Findlay, manager of the Montreal lacrosse club, treats the question of the selection of a referee for the forthcoming Minto cup games in a commendable spirit. He admits that in the east there is a strong sentiment that the easterner should have charge of at least one of the matches, personally, however, he says that he is persuaded that his twelve will receive a fair deal from Messrs. York and Ditchburn. His faith isn't misplaced.

The Sporting World

FINISH DISTANCE RACE ON SUNDAY

Motor Boats, After Racing 230 Miles Will Cross Line Here on July 3—Practically All Arrangements Completed

If yachtsmen and all Victorians at all interested in aquatic sports don't have a good time during the forthcoming local and international regatta they may accept it for a fact that they are suffering from some serious malady. It will be "up to" them to obtain a cure—that is not to say that the regatta will be a dull affair, but that the medical practitioner at the earliest convenience. The sports, without exaggeration are going to be the finest of their kind ever conducted in this city. The entries for every race are assured and those who cast their eyes over the programme and noted its length and variety know what that means.

Race Finished Sunday.

On Sunday, July 3rd, the fun will commence. Officially the regatta doesn't open until the day following but on the afternoon of the week's first day the power boats engaged in the annual long distance race—a competition which this year takes the launches a distance of 230 miles—should be heard. The first one entering Victoria harbor will be the winner of this aquatic classic. From the moment it crosses the line, at which will be posted officials and, doubtless, a large crowd of interested Victorians and visitors there will arrive those capturing second and third honors and the "also rans." It is not improbable that the string of incoming factors will not all report until long after nightfall, for there are bound to be a few limping into port on one cylinder or rendered hors de combat for some other reason.

Grand Assembly

Immediately after the winners of this race have reported there will be a reception to visiting yachtsmen at the Victoria Yacht club house. Of course—and this point should not be overlooked—all day Sunday the local harbor will present a picture of activity seldom witnessed in the northwest. Within its confines will assemble the bulk of the fleets of Vancouver, Seattle, Tacoma, Bellingham, Everett, and other points. There won't be any confusion among them in finding anchorages for that has all been most carefully and systematically provided for by the local regatta management. In West Bay the larger craft will find safe and comfortable accommodation, in the little bay on which is situated the club house the "mosquito" fleet will be afforded anchorage and above the B. & N. bridge provision will be made for the power boats. Charts showing the

local harbor, with distinct assignment of different sized boats to the several waters outlined, have been forwarded from here to all clubs concerned. In turn these have been distributed among all yacht owners of the Mainland and the Sound. Thus the most complete stranger in charge of one of the visiting craft will be able to enter port, and without assistance, pick up safe and suitable mooring.

Another Motor Contest

On Sunday, also, it has just been learned, Victoria will be the scene of the finish of a second motor boat contest. This is being arranged in Seattle among the launches which have not been entered for the distance affair. They will start from the Washington metropolis and speed direct to this city. A suitable prize has been offered. At 10 o'clock Monday morning the regatta opens in real earnest. Then a preliminary contest will be run off and at 2 o'clock the feature of the day will be called. So it will continue until the finish, every detail being cared for with expert attention so that there will be no avoidable delays—that is not to say that what might be caused, for instance, through the failure of the wind.

Finish Easily Seen

The arrangements have been so drafted that the public will be able to see just as much of the competitions as possible. At a point on Dallas road not yet definitely selected will be erected a huge marquee. There will be served refreshments, while the Fifth Regiment band provides music. The course, which is triangular in shape, has been so laid out that the start will be just off the beach while the finishing leg will be directly along the shore line within plain vision of any who happen to be on the Dallas drive.

Which is the most imperative—duty to the Fifth Regiment or duty to the Victoria lacrosse club? This is the question which is facing one of the local players selected to represent Victoria in Saturday's match at New Westminster. He is wanted at the Macaulay Point camp. Likewise he is badly wanted at the Royal City. Kroeger is the individual. A strong effort is to be made to soften Col. Currie's heart.

TODAY'S FIXTURES

- Baseball—Victoria vs. Ballard at 2:30 o'clock at the Royal Athletic grounds.
- Athletics—Fifth Regiment field day at Macaulay plains. First event at 2:15 o'clock.
- Cricket—Victoria "A." vs. Albion "A." at 2:30 o'clock on Jubilee grounds. Victoria "B." vs. Albion "B." at 2:30 o'clock on Beacon Hill. Esquimalt vs. Empress at 2:30 o'clock at Cann-teen grounds.
- Bowling—Second round, tournament at 2:30 o'clock on the Beacon Hill greens.

COURSE N.P.A.A.O. RACES CHOSEN

International Rowing Championship Will Take Place Twenty Miles Up North Arm of Indian River

VANCOUVER, June 23.—The officials who will have charge of the annual regatta of the North Pacific Amateur Association of Oarsmen on the North Arm on July 8 and 9 have been named by the Vancouver Rowing club. The following gentlemen will have charge of the races:

Starter—Geo. W. Seymour.
Referee—H. W. Kent.

Judges in referee's boat—D. O'Sullivan, Victoria; H. E. Judge, Portland; F. R. McD. Russell, Vancouver.

Ensign—R. P. Woodward.
Timekeepers—Messrs. O. B. Allan, B. F. Armstrong and Geo. E. Troroy.

It was announced yesterday that the club had accepted the generous offer of the Indian River Park and Hotel Syndicate to hold the races at this popular summer resort, which is located about twenty miles up the North Arm of the Inlet. The course will be surveyed this week and blue prints will be handed to the officers of the competing clubs.

Most of the championship events will be rowed off on the first day of the regatta, while the remainder will be contested on the Saturday along with a number of special canoe races. In which all the clubs are expected to be represented. The regatta will be brought to a close with a banquet at the Wigwam hotel, Indian river, on Saturday evening, July 9.

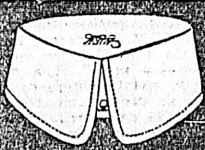

The winners at the big regatta will be presented with handsome gold medals, while special prizes will be provided for the canoe races and other aquatic events.

Rowing enthusiasts will regret to learn that the proposed eight oared crew to meet the Vancouver oarsmen on the second day of the regatta. Canoe events will be substituted. The new eight-oared and four-oared shells for the Vancouver club arrived yesterday, and the four will be placed in the water this week and may be used by one of the local crews in the big races. The new eight will not be put into commission until after the regatta.

One thousand dollars was dropped by Messrs. Brown and Macaulay of Vancouver as a result of the transfer of the Jeffries-Johnson fight from San Francisco to Reno, Nev. The steamer Marama excursion has been cancelled.

DOG SHOW ONE OF FAIR'S FEATURES

Terrier Club Taking Initiative in Agitating for Canine Display in Connection With the Annual Exhibition

A dog show, in all probability, will be one of the features of this fall's Victoria exhibition.

At a conference held by a committee of the local terrier club, consisting of Messrs. Pierce, McLean and Stoner, yesterday morning, the proposition was considered and a favorable conclusion reached. The opinion was expressed by all that it would be a splendid thing from several standpoints—it would encourage the fanciers and would furnish a feature of merit for the fair.

Next Tuesday night there will be a meeting of members of the Terrier and the Victoria Kennel clubs at the offices of T. P. McConnell, Government street. At this gathering the sentiment of the doggy men as a whole will be sounded. If the project meets with the unanimous endorsement expected no time will be lost in laying it before the British Columbia Agricultural Association.

Those supporting this proposal, while admitting that it is somewhat of a departure as far as this city is concerned, point to Vancouver for a precedent. There a kennel show is to take place in connection with the exhibition, the management of the latter going the length of providing a special building for its accommodation in the effort of encouraging those interested in the breeding of blue blooded dogs. The ground is taken that Victoria has more and, in many cases, higher class canine than those of the mainland and that, therefore, there is strong reason why the fanciers should be aided in their endeavors to maintain the present standard.

BASEBALL NOTES

Before a large crowd of rooters last night the North Ward Juniors took the scalps of the Beacon Hill youngster team. The score was nine to nil. Probably the feature was a home run made by Menzies, of the Wards, at a critical time. The bases were full when he sent the sphere careering over the heads of the outfielders. Lane pitched for the winners, while Williams caught. The battery for the Hills was composed of Ames and Casey, twirler and backstop respectively. Mr. Ellis refereed satisfactorily.

Without wishing to discount in the slightest degree the victory of the Wards last night against the Hills, it is hinted that one reason the latter were not seen in their usual good form is that they have been playing too much lately. A series of games, close together, is hard on the little fellows. When the Oak Bays came into the Ward-Central-Hill combination there should have been a revision of the schedule.

In an intermediate league match on Thursday night, the principals being U.C.T. and Knights of Columbus, the Commercial Travellers won by the score of 9-5. The match was exceedingly close and one of the fastest of the series. The batteries were: U.C.T., Hallett and Greig; K. of C., Keoppeck and Silver. O'Rourke refereed.

An interesting communication has been received from one of the banker baseball enthusiasts. It follows: "The Victoria Bankers are highly indignant with the Commercial Travellers because of their audacity in saying they beat the Bankers by the score of 5-3. 'This true we expected to play the Travellers, but as they had only four of their men out we allowed them to put on five extras, including three James Bays, one Empress man, and one Deacon Hill regular. We didn't expect them to call it a representative Travellers' team. It is troubling that we can arrange another game,' etc."

The league match that was to have taken place last evening between the Fifth Regiment and the Empress was postponed at the former's request. The plea was based on the claim that the militia is in camp. Some are wondering whether this excuse really is valid in view of the rumor that there is only one bona fide regiment man on the team.

Arrangements have been made for an exhibition game between Beacon Hill (senior) and the representative James Bay nine some time next week. One of the objects of the contest is to raise funds to send the Hills to Vancouver on the First of July.

It is announced that Dick Arns, has refused to row on the Zambesi under the Thames conditions. He is of the opinion that Barry will agree to the old championship rules.

The Canadian Bisle team ought to be in the Old Country by now. It is one of the strongest that has represented the Dominion for years, according to report.

SPEEDY TWELVE PLAY THE ROYALS

Cream of Victoria's Lacrosse Strength Left Last Night to Meet Westminster in Amateur League Match

In charge of John P. Sweeney, a prominent member of the James Bay Athletic Association, the members of the Victoria lacrosse team which this afternoon will cross sticks with New Westminster in the first away-from-home provincial amateur match of the season, left for the mainland by last night's boat. While they are not carelessly confident they will take the field assured that they are the cream of Victoria's playing strength and morally certain that they are better than the Royal City amateurs if the latter's performance with Vancouver last Saturday can be accepted as a criterion for their speed. The Islanders, therefore, will not be nervous but will put up an earnest, determined match. They are out for that championship this year, and their friends here await the news of the game with the keenest interest.

FAST NINE TO MEET VICTORIA

Fans Expect to Find Locals Back to Form in Today's Game Against Ballard—Visitors Formidable Team

The fans are on the qui vive for this afternoon's baseball match. They have heard a lot of the splendid form the Victoria nine has attained as a result of persistent drilling, and are in hopes of seeing the Ballard aggregation put to the bad. To weld together the deplorably disintegrated bunch that met the Spirits last week in seven days is quite a task. There are some skeptical ones who claim that Manager Wattlett cannot have been wholly successful. Others, however, are of a more liberal mind, and expect, with the old standby Surplis in the box, to see the nine ball tossers from the suburbs of Seattle scalped to a fare-thee-well. Promptly at two o'clock Referee George Burnes will take up his position and give the magical order "Play Ball."

Yesterday the complete line-up of the visitors was received. Those who are acquainted with the amateurs of the Sound Metropolis state that it is, with the possible exception of the University of Washington, the most formidable lot that has been here this season. They are said to be fast in the field and deadly at the bat. From this it would appear that "Surp" is destined to have his hands full.

The two teams will face each other as follows:

| | | |
|-----------|--------------|----------|
| Victoria | Position | Ballard |
| Robertson | catcher | Clarke |
| Surplis | pitcher | Dean |
| Moulton | 1 base | Wall |
| Murrah | 2 base | Decker |
| McDiarmid | 3 base | Renstrom |
| Whyte | S. S. | Johnson |
| Wattlett | right field | Beverly |
| Brown | centre field | Carson |
| Moore | left field | Cook |

PROVINCIAL NEWS

Coal is being found at many points in the Hazelton district.

Mission city is looking forward to securing a beet sugar manufactory.

Vernon will expend \$10,000 in the improvement of its waterworks system.

Railway construction has occasioned a legitimate boom at Aspen Grove.

The milk vendors of Lulu Island, who supply Vancouver, are establishing a motor car delivery system.

Fire at Essington a week ago destroyed the Anglican church together with a number of smaller buildings.

Five new cars of what is known as the Ottawa type have been placed in service at Vancouver by the B. C. E. R. Co.

The body of Engineer Jackson, who disappeared two weeks ago, has been recovered.

Wolves are blamed for the destruction this year of many of the Vancouver Island wapiti.

The Dominion dredge King Edward has been ordered to Nanaimo to deepen the harbor and fill in the "ravine."

An Italian worker at the Extension Mines has been admitted to Chemahus hospital suffering from severe injuries received through a coal fall.

George V. Hughes, one of the original pioneers of the Shocan, and until recently owner of the Lucky Jim, is dead at Portland.

A threatening timber fire in the vicinity of Erickson has been suppressed by the good work of Fire Warden Little and his staff.

The coroner's jury, in the case of E. E. Phillips, of Vancouver, who was killed by a fall of lumber, have returned a verdict of accidental death.

Rev. J. C. Herdman, superintendent of Presbyterian missions, and a clergyman well known throughout British Columbia, is dead at Calgary.

Cariboo folk are voicing congratulations to the government upon the initiation of construction of the new road from Bear Lake to Barkerville.

tion of construction of the new road from Bear Lake to Barkerville.

The new \$31,000 second unit in the Nelson electrical system has been completed and accepted by the civic authorities.

John Holmes, a well known resident of the Delta, sustained serious injuries Wednesday through being run down by a Great Northern train, of the approach of which he was unconscious.

Vernon has decided to send a specially fine exhibit of the district's fruits to England, and will also be well represented at the National Apple Show, to be held in Vancouver.

A party of thirty C. P. R. surveyors has taken the field to lay out the new branch line of the company round the Big Bend to Revelstoke. The new line taps immensely valuable timber areas.

Bertram Patterson, a young Scottish lad of seventeen, was drowned in Burrard Inlet Thursday while enjoying a sailing cruise with his father and friends.

Creston residents are taking very kindly to the scheme of Mr. W. R. Haldane of the C. P. R. to introduce purebred Anglo-Nubian goats for dairy purposes.

The telegraph route from Kitsumkalum overland, by Alice Arm, across the Naas valley and down to Stewart, appears to be favored by those having this project in their charge.

The C. P. R. intends shortly to lay out and construct a typical Swiss village on their property near Golden. This village will be the permanent home of the company's Swiss guides, and should prove a great attraction to tourist visitors.

Ellas Zimmerman, one of the employee survivors of the Lakeview disaster, has been awarded at Vancouver a verdict for damages against the B. C. E. R. Co., in the amount of \$6,500 and \$520 hospital expenses.

Chester Oliver, convicted of having placed his wife in a Vancouver house of infamy, has been sentenced by Judge McInnes to a five years' penitentiary term. Oliver swore in his defence that he had been forced into his marriage and that his wife had deserted him immediately thereafter.

Three of the lady members of the "Alaskan" company were the victims of robbers during the company's recent visit to Nanaimo. Miss Nellie Townley lost a gold watch and \$2 in money; Miss Genevieve West mourns a small sum of money, a jet pin, and her three-days-old marriage certificate; while Miss Irene Chandler is minus a bankbook and her purse.

The Bankers will meet the Knights of Columbus in a friendly game at 10 o'clock Sunday morning at Beacon Hill. The former will line up as follows: Catcher, Holden; pitcher, Winsby; 1st base, Lloyd; 2nd base, Hall; 3rd base, McKeon; short stop, Burnett; left field, Duncan right field, McCutcheon; centre field, Randall. Any of the local business houses wanting to arrange for a gentle argument with the Bankers will be afforded an opportunity if they attend tomorrow's match.

Reputation

Reputation is the one large word that distinguishes the excellent from the good, the near good, the average, the mediocre, the bad and the unspeakably bad. Gloves must be classified in your mind under one of these headings. "Perrin" is a name of excellent reputation that in fifty years has become the standard in Kid Gloves, owing to a steady and unswerving policy of making only gloves of the very best quality—a fact which keen shoppers have not been slow to learn. There is buying-wisdom in purchasing "Perrin" gloves.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder dusted in the bath, softens the water and disinfects.

Bibendum's Tire Lectures No. 1

GENTLEMEN:—The ideal combination for the front wheels is the one that will reduce all chances of skidding to a minimum, while permitting you to travel comfortably, and that protects the mechanism of your car.

A RUBBER TREAD TIRE ON THE RIGHT WHEEL.
A SEMELLE (ANTI-SKID) TIRE ON THE LEFT WHEEL.

MICHELIN

The body and tread of the rubber tread tire are moulded at the same time. The latter being compressed prevents cuts opening and filling with dirt.
The Semelle (ante skid) envelope prevents skidding without sacrificing resiliency, combining security and comfort.

COLONIST WANT ADS BRING RESULTS

NA-DRU-CO

Formulae Have Been Well Tried Out

Though the NA-DRU-CO line of Medicinal and Toilet Preparations have been on sale for a few months only, don't think for minute that in buying NA-DRU-CO goods you are experimenting with new or untried preparations.

Their Origin

The twenty-one wholesale drug firms now united in the "National" had all of them lengthy careers, some for fifty to one hundred years, prior to the union. Each firm had acquired or developed a number of valuable formulae for medicinal and toilet preparations, all of which became the property of the "National". Since the union our expert chemists have carefully gone over these formulae and selected the best for the NA-DRU-CO line. Every formula has been carefully studied by these experts, improved if possible, and then thoroughly tested again, in actual use, before we consider it good enough to bear the NA-DRU-CO Trade Mark.

An Example

A good example of what we mean is NA-DRU-CO Nervozone for Brain Fog or nervous break-down. The formula was pronounced the most scientific combination of nerve medicines, but this was not enough for us; we had it tried out with a dozen different kind of Brain workers—School Teachers, Lawyers, Bookkeepers—as well as Society leaders and home workers, and everywhere the result was so good that we adopted it as one of the best of the NA-DRU-CO line.

There are therefore no experiments among NA-DRU-CO preparations. We have invested altogether too much time, work and money in the NA-DRU-CO line to take any chances of discrediting it with preparations that might not prove satisfactory. We make absolutely certain that each preparation is satisfactory before we endorse it with the NA-DRU-CO Trade Mark.

Ask your physician or your druggist about the firm behind NA-DRU-CO preparations and about the NA-DRU-CO line. They can tell you, for we will furnish them, on request, a full list of the ingredients in any NA-DRU-CO article.

"Money Back"

If by any chance you should not be entirely satisfied with any NA-DRU-CO article you try, return the unused portion to the druggist from whom you bought it and he will refund your money—willingly, too, because we return to him every cent he gives back to you.

If your druggist should not have the particular NA-DRU-CO article you ask for in stock he can get it for you within two days from our nearest wholesale branch.

Some NA-DRU-CO Preparations You'll Find Most Satisfactory.

Camphor Ice
Greaselless Toilet Cream

The Victoria Transfer Company

Horses For Sale

We have horses of all classes for sale and are ready at all times to exhibit such to intending purchasers. It will pay you to see us before purchasing.

Cabs Do you know that our Glass Front Carriages are at your disposal at the following charges—Four Persons, single hour, \$2.00; Four Persons, an hour and a half, or over, at per hour, \$1.50. In four hours a party of four can see the principal points of interest in the City of Victoria for the moderate charge of \$6.00.

Victorias If you wish, we can furnish a Victoria, at per hour, \$2.00; single hour, \$2.50. These vehicles accommodate three persons and are most suitable for ladies doing afternoon calling.

Furniture Trucks Furniture moving is an important undertaking. We have men who do nothing else. Our charges are—By the hour, \$1.50. With an extra man to help the charge will be increased to \$2.00 per hour.

Baggage and Express In this department prompt delivery is the important factor. If you are catching a steamer or train you like to know that your luggage or packages will be at the wharf or station in good time to depart with you. What is more annoying than searching for your belongings a minute before your steamer sails or your train pulls out? This is off-set by our claim checks. Our drivers check your baggage at your residence. You present the claim check to the baggage-master—show your ticket—he then gives you the railway or steamer check, and that is all. You then go on your way rejoicing. If we cannot attend to your order we will tell you and thus avoid suspense.

Express and General Drayage We have twenty-seven Express and Delivery Wagons. For the use of one of these we make a charge of—Per Hour, \$1.00.

Livery Better Single or Double Traps cannot be found on the Pacific Coast. Single Horse and Trap—Morning, \$2.50; Afternoon, \$3.00.

Teams We are prepared to supply teams for Half a Day at \$5.00, excepting Saturday, Sunday and Holidays, when the charge will be, half a day, \$7.50. For long distances, the office will furnish particulars.

Boarders We board your horse, look after your trap and harness—Per month, \$25.00. Our object is to please our patrons. We are responsible to them as to safety or damage done to furniture or goods. Our drivers, we believe, are civil and careful, and seldom knowingly overcharge. If by any chance a mistake occurs, come to the office or notify us at once. In other words, give us an opportunity to put right anything that displeases you.

NEWS OF SPORT OF OLD COUNTRY

Pedestrianism Booming in Great Britain—Cricket Season Promises Many Notable Matches

LONDON, June 24.—An interesting track Marathon race for professionals was decided recently in Dublin. There were 18 runners, England, Wales and Spain each supplying a candidate, though without success. Last year's winner, T. Hynes, of Galway (an ex-amateur) went to the front at the half-way mark and finally won comfortably in 2 hours 54 minutes 33 seconds.

There is considerable activity among long-distance cracks now in England, and we ought to see some very interesting racing during the summer. The arrival of C. Hefferon from South Africa ought to liven up matters. He wants to meet C. W. Gardner, the conqueror of Durando, and after getting through with the Londoner, will be prepared to try conclusions with J. J. Hayes of America, or J. Price of Wales. Scotland also has a man in the field, he being A. Haddow, who is anxious to meet Herron and Gardner in a sweep-stake—the distance to be 12 or 16 miles.

Gardner also announces that he will be pleased to meet J. Fitzgerald, of Canada, at 12 1/2 miles. Besides this, the Universal Sports Promoting Syndicate are running a meeting next month, at which a track Marathon race will be the chief item. As there is some prospect of Ljungstrom and Johansen, of Sweden (who are now in America), coming to England, matters promise to be lively in the world of pedestrianism. Really, with so many good men in the field, there ought to be no difficulty in bringing off several interesting matches. At present there is no reason to suppose the public will support a long distance race in any way like the numbers seen at the George vs. Cummings matches of 1885-6. On this account no promoter would be likely to offer more than \$100 for a Marathon race. Perhaps the best plan would be for cracks to arrange matches or sweepstakes and decide a series of London, Birmingham, Manchester, Glasgow, Edinburgh and Dublin. Given fine weather, and average attendance of 6,000 should be possible, which would leave a good profit to be split up among the runners and organizers.

Cricket
Mr. A. F. Bettinson, secretary of the National Sporting Club, has made an interesting suggestion regarding cricket. It reads as follows:
"1. Six hours a day for play. And, for the purpose of equalizing the chances of each side on the same wicket, no side to occupy the pitch for more than three hours, after which the other side should proceed with the innings. 2. Should the game not be finished in three days, the match to be decided by the aggregate number of runs, scored in proportion to the number of wickets fallen."

Under present arrangements, we often see three full days of cricket and yet no definite result. This certainly is absurd, and Mr. Bettinson's suggestion is worthy of consideration. The plan to give both sides a more equal chance is a good one, and there is nothing to be said in favor of a system which often gives one side a winning advantage.

Veterans
A feature of recent cricket was the manner veterans at the game have been performing. Hehe are a few examples which go to show the youngsters are not having matters all their own way. First took 8 wickets for 80 runs for Yorks vs. Somerset, and Haigh 6 for 34 in the same match. Then we had Lilly, of Warwickshire, who is chiefly noted for his ability as a wicket-keeper, making 104 against Sussex, whilst Llewellyn, of South Africa, who is the mainstay of the Harms team, hit up a stylish century for N. C. against Leicestershire.

As an offset to this, some of the younger players have been busy, notably K. L. Hutchings, whose 54 and 104 for Kent against Northamptonshire indicates that this young amateur is now in form. Then we had G. N. Foster, lately returned from India, playing an innings of 123 against Surrey on his first appearance for Worcestershire this season. All this makes one think that an interesting match might be arranged between the veterans and youngsters, the qualifications being over ten years experience of first class cricket and under five years, respectively.

The Turf
It has delighted sportsmen to learn that the late King Edward VII. left his racing stud to King George V. and that our new monarch intends lending his support to the turf. Richard Marsh will continue to act as trainer, and everyone hopes it will not be many more years before he turns out another Derby winner. It was confidently expected that King George would support the turf, and it is easy to see the late monarch's hand in the matter. None better knew than he that a King who was a good sportsman would command greater respect and support from the nation than a sovereign who took no interest in sports and pastimes. It is fortunate that King George has a keen taste for sports, and it will do no harm that he personally favors shooting and angling to racing. The main thing is that he is a sportsman, which denotes a broad mind and a fair manner of viewing everything.

In General
Tom Sullivan will train and coach J. F. Cosgrave, the Canadian oarsman who is now at Putney, getting ready for the Diamond Sculls at Henley Regatta.
E. Miles beat the Hon. N. S. Lytton in the challenge round of the amateur tennis championship, which marks his ninth success.
Stevenson and Harveson have been making some big breaks in their match on the new 10 ft. by 5 ft. billiard table, the former's best being 576 and 447. Divale is also playing well against Reece, a break of 482 on Wednesday being a very fine effort.

E. Shaw, the South African jockey, won his opening race here at York on Wednesday, when he got Sir E. Cassell's Temerare home a head in front of Mr. P. Nelke's Artisan, with Maher up. The Colonial pleased the critics by the manner he rode Temerare (a horse of mood) home with his hands only.

Lawn tennis players are disappointed over the falling through of the projected trip of American players to England, for the purpose of taking part in a preliminary round for the Davis International Cup, now held by Australasia.

REFUSED TO MEET
JOHN L. SULLIVAN

RENO, Nevada, June 23.—Former Champion John L. Sullivan was told by former champion J. J. Corbett today that his presence was not desired at the camp of former champion James J. Jeffries. "Why," asked Sullivan, as he stood at the gate that had been closed to him from Jeffries' cottage at Moana Springs.

"Because," replied Corbett, "You have knocked the big fight and called it a fake. Jeffries wants me to say that he will not shake hands with you."

"That's a mistake. I've been misquoted," protested John L.

"I don't believe you were misquoted," calmly answered Corbett, and after a brief colloquy, Sullivan returned to Reno with his manager, Frank Hall. The incident, which was witnessed by a number of Jeffries' trainers and several of the newspaper men, tonight is the talk of the town. Speaking for Sullivan, Manager Hall declared that John L. Refused to regard Corbett as Jeffries' spokesman and that he would make another attempt to see Jeffries personally.

Speaking for Jeffries, who at the time Sullivan called, was lounging in his cottage, Manager Sam Berger asserted that Corbett was equally empowered to speak for Jeffries and if Sullivan made another effort to seek him out he would find the same reception as today.

"Of course," said Berger, "As the people have public access to our camp, Sullivan has as much right as anybody to come and see Jeffries work, but Corbett quoted Jeffries correctly in telling Sullivan that he would have nothing to do with him."

Sullivan, in a statement to the Associated Press said that he was totally unprepared for the treatment given him and he had no intention of forcing himself on Jeffries. He declared that there was no foundation for Jeffries' notion that he had roasted Jeffries and called the fight a fake.

It is said Rickard will try to effect a reconciliation between Sullivan and Jeffries. Jeffries did his first public work in Nevada at Moana Springs this afternoon in the presence of 100 spectators. After a morning session of ball playing he began his real exercise with a vigorous 15 minutes' siege of bag punching.

Tom Flanagan received a telegram from Jack Johnson this afternoon, stating that the negro champion would arrive in Reno tomorrow. The message was addressed to "T. Flanagan, manager of Jack Johnson." Just what Johnson meant by that wording after his reported re-appointment of George Little as his manager is a question of general interest. Sid Hester today announced that he and Tom O'Day of San Francisco had purchased outright Jack Johnson's interest in the fight pictures, and that it was they and not an eastern picture syndicate who had deposited \$50,000 to the credit of Johnson's account in a San Francisco bank.

NO EXCURSION TO BIG FIGHT

Trip to California by Steamer Marama to See Jeffries and Johnson Battle Has Been Cancelled

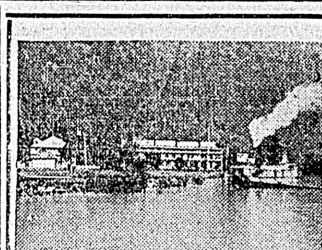

There will be no excursion by the steamer Marama to California to give sportsmen of Vancouver, Victoria, and other northwest points an opportunity to attend the Jeffries-Johnson fight at a minimum of expense and inconvenience. A Vancouver dispatch announces that, since a definite decision has been reached that the championship battle is to be held at Reno, Nevada, Messrs. Brown and Macaulay, who had chartered the vessel for the trip, have cancelled all arrangements.

In commenting on the situation the Vancouver World says:
"Next to the actual disappointment which Governor Gillett's action has caused to thousands of fistic enthusiasts throughout the continent, there has been no locally organized excursion in which so much interest was taken and over the cancellation of which such keen disappointment is felt as that Marama's excursion. Aside from the fact that it would have afforded devotees of the glove game a chance to see the greatest ring battle of the century, there were scores who were going just for the chance to make the coast trip in the comfort which such a big ocean liner would afford with the added advantage of having a week's holiday with only three days absence from business."

"But it's all over now and the money advanced by over 300 intending excursionists is now being returned by the excursion promoters. Of the 300 fully paid up local people, the balance being residents of outside points, some of them as far east as Winnipeg. Messrs. D. E. Brown and Macaulay are losers to the extent of over \$1,000 on advertising and telegraph tolls alone, to say nothing of all the trouble they have gone to, only to have their efforts rendered null by the action of California's executive. They would have gone ahead with the steamer excursion and make a slight additional charge for train transportation for those who wished to go from San Francisco to the fight, but as the transportation facilities are decidedly limited and they could get no definite promise of a special train, it was reluctantly decided to throw up the big steamer's charter."

"Out of over 300 Vancouver sportsmen who had planned to go to the fight if it was held in San Francisco it is doubtful if there will be more than a couple of dozen who will essay the tedious trip to Reno and on the chances of famine prices for things when they get there."

What do you know about the Beacon Hill baseball team? Almost every game they produce a new pitcher and so far none has fallen down. Their batting, too, is above the average. If any of the fans wish to see a real interesting match they should make a point of attending some of these amateur league games.

BUSY OUTLOOK FOR BOWLERS

Secretary Coleman Chafing Over Delay of Players in Completing Second Round of Tourney—Series Ahead

If counter attractions prove insufficient to prompt the bowlers to disloyalty to their "first love" the Beacon Hill greens will be occupied by a large number of players this afternoon.

There are plenty of tournament matches to be played, few of the second round of the tournament for the prizes offered by club officials having taken place up to the present. Secretary Coleman is chafing over the delay because of the fact that there are several series waiting the completion of that now under way. There is that for the club championship, of which mention was made in these columns several days ago. Then, once that is finished, it is proposed bringing off an international tourney.

This latter, it is intended, shall come as the season's finale and, if the plans under consideration materialize, it will be a fitting conclusion. Teams from the Beacon Hill and the Oak Bay avenue greens are expected to enter, while competitors, as well, are looked for from Vancouver, Seattle and other adjacent cities.

In view of what is in prospect, in the words of the energetic and enterprising secretary, it behooves the members to hurry with the game on hand. It is the hope of the officers that bowlers will forget other sports this afternoon and indulge in the pastime they have adopted as their own.

MEN OF PRAIRIE PLEASE GENERAL

(Continued From Page One.)

French speak to the officers of Alberta. He classed the men as having lots of "go" in them, as being well set up, smart and good riders, and it may well be said that he saw the boys at their best. This parade was no parade of men in their dress uniforms, with brasswork and buttons brightly shining and a band playing. It was such a parade as General French must often have seen in South Africa—a parade of sweat-grimed men and horses and men in their shirtsleeves, with saddlery creaking with the

strain of hard riding, the rifles dirty with powder, men and officers covered with dust, yet, all happy, browned with the sun and still smiling when, at the end of four hours of the hardest kind of work, they rode back into their lines.

"If I had men like you have, that can ride like those men ride I would not be afraid to go anywhere," he said to the officers as he stood watching the men riding off barebacked to take their horses to water.

He also cast an appreciative eye over the Leithbridge battery of field artillery, as they swung back into their lines—horses straining at the traces, and the gunners dressed in wide-brimmed straw hats turned up at one side for headgear, and blue overalls for uniform. And their officers looked the same as the men, but when they told General French that this battery had only been organized a few short months, and that this was the first time they had ever been into camp for training, he took a second look at them, and it could easily be seen that he was surprised.

TRIO OF CRICKET MATCHES ANNOUNCED

Interesting Arguments Take Place on Three Local Grounds This Afternoon.

To three local grounds will the cricketers wend their way this afternoon. Those classified with the Victoria and Albion "A" class will go to the Jubilee ground where they will meet for the first time this year. The "B" players of the two clubs will foregather at Beacon Hill, there to engage in their initial one-inning match. At Esquimalt the home eleven and the Empress will exchange courtesies. All three games are being anticipated by those concerned with keen pleasure.

The Albion teams will be as follows:

At Beacon Hill grounds—C. W. Scott (captain), F. Bolton, W. Gregson, D. Hallam, F. W. Ashby, H. E. Sothorn, J. Nelson, M. B. Lloyd, E. W. Ismay, H. E. Fogler and L. B. Trimen.

At Jubilee Hospital grounds—E. A. Duncan (captain), R. White, B. E. Lefevre, G. Barracough, G. Giffard, H. E. Bayley, H. F. Hewett, Jos. Wicke, C. E. Tunnard, H. G. Anderson and L. Taylor.

LONGBOAT SHOWS OLD TIME FORM

CANADIAN INDIAN After Defeating Nebraska at Buffalo is Challenged By Hayes.

examination showed that Nebraska was suffering from acute indigestion, which, he said, attacked him after the fifth mile.

It looked as if Longboat could have carried a load and beaten Nebraska. He indulged Nebraska with the lead for five miles, then passed him easily, and continually lengthening the space between them. He lapped him at the ninth mile, and gained additional laps in the tenth, eleventh, twelfth and thirteenth miles, showing the speed and form that made him famous.

He ran the fifteenth mile faster than the first and seemed just full of running, sprinting a full three laps at the close. The track was ten laps to the mile, and Longboat's time was 1:26:8 3-5.

Johnny Hayes was a spectator, and challenged the winner to a 25-mile race for \$500 a side.

CARGO LINER OUSTS THE TRAM

Competition of the Freight Liner Now Being Seriously Felt by the Tram Freighters.

The encroachment of the "cargo-liner" in the trade heretofore held by "tramps" is now becoming a serious problem to owners of tramp tonnage. There has within the past few months been a very pronounced growth in the competition of the cargo liners. That the tramp owners largely contribute to their undoing cannot be gainsaid, and if the same suicidal policy continues to be carried out, in a few years the liner companies will practically control the cargo business of the world. Those who so greatly damage the tramp shipping industry are not the large, well-conducted companies, but the "mushroom" ship managers who spring into existence from day to day, and who, through the ignorance of the public in shipping matters and the facilities afforded them by the shipbuilders, are enabled to float steamers and so increase the supply of tonnage already too great for the demand.

These steamers being for the most part heavily mortgaged, must be kept moving, and the consequence is that competition for freight is carried out in a most insane fashion. The Liverpool Journal of Commerce, commenting on this problem, says: "The man that profits by the absurd freight competition is the speculative broker, as when the supply of tonnage is greater than the demand, he is able to charter on almost his own terms, so that although the owner of the cargo is perhaps paying a fair freight for his goods, the shipowner is not getting the benefit of it. Owners would therefore do well to steer clear of the speculative broker whenever practicable. Another thing that should be discontinued is speculative building, and on this point there is some talk of tramp owners taking action with a view of preventing so much speculative building."

"What should be instituted and carried out with the utmost vigor is the idea that has been suggested of organizing a crusade against owners who

accept freights at unremunerative rates and in consequence demoralize the whole market. The documentary committee of the chamber of shipping has laid down certain prescribed conditions respecting chartering, and owners who wilfully break those conditions are to be deprived of the protection afforded by the big mutual insurance clubs, who have undertaken to co-operate with the committee. A movement of this description has an evident promise for a better state of affairs in the future, so far as extending the life of the tramp steamer business is concerned.

In view of the shipping combines that the seas, and the evident desire exhibited to control the shipping interests of the country, it would appear as if the time is not far distant when the bulk of England's shipping industry will be merged in one huge trust. The introduction of the cargo liner with the evident view of running the tramp steamer off the seas, in the same way as the sailing ship has been run off, would mean leaving our carrying trade by sea to be done by large shipping trusts."

NEW YORK, June 24—The British motor boat enthusiasts who will come to New York this summer in the hopes of re-capturing the British International trophy are looking for opportunities to carry back other honors. It was said that they will make an effort while in this country to win the gold challenge cup of the American Power Boat Association, which is now held by the Thousand Islands Yacht Club. It is possible that all three of the visiting British boats may try for that trophy.

Marron Lake Ranch Estate

In the Beautiful Okanagan

This estate consists of 480 acres partly laid out in pasturage, partly under cultivation for wheat, oats, etc., and includes Marron Lake (5 acres). The land in and around consists of the choicest bottom and bench lands, the soil varying little, and is very productive for all kinds of fruit, produce, etc. From a sportsman's point of view it is the only plentiful deer valley around. The residence contains six rooms and overlooks the lake. There is also a two-roomed cottage on the bench land, and barns for horses, cattle, etc. The whole, including cattle, sheep, pigs, fowls, farm machinery, tools, etc., can be had on valuation. Another 160 acres can be had, if required, the whole being splendidly adapted for fruit acreage and can be sub-divided accordingly.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES' BETTER PROSPECTS REDUCE VALUES"

The Greatest Cure For Rheumatism In The World

Knoxlyton, Que., Oct. 12th, 1909.
"For many years I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.

"I tried 'Fruit-a-tives,' and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world.

"E. E. MILLE."

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.

It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.

50c a box, 6 for \$2.50, or trial box 25c. Sold by all dealers or sent post-paid on receipt of price by Fruit-a-tives Limited, Ottawa.

F. C. GAMBLE,
Public Works Engineer.

COMMERCIAL AND FINANCIAL

BETTER PROSPECTS REDUCE VALUES

Crops Advances Indicate That Worst News Has Been Received and Traders Now Look for Improvement

CHICAGO, June 24.—It will not be surprising if wheat traders had their worst news and their highest prices for some time today. After a moderate dip on the first trades, which put September to 96½ and December to 97½, the entire trade seemed to switch to the buying side and there was a big bull market while prices were advanced to 99½ for September, 1 for December and \$1.03 for May. All classes of traders joined in the buying. The force under the market was the report from the northwest that the scattered rains over night were followed by a return of cooler weather. The crop experts in the northwest states sent a batch of most alarming reports and these were responsible for the strong advance. Naturally there was a lot of profit taking on the upturn of nearly three cents from the low point of the morning. Conservative people in the trade who thought the prices were too fast took the selling side around top prices. The bears were quick to land a hand in bringing about a reaction. A number of private reports told of rains at both north and south Dakota points not mentioned in the early despatches. There is not much in the forecast to suggest general rains for the spring wheat country, but the way private reports came in during the last hour would indicate that the rains are gradually spreading and that the tone of advances from the northwest may be greatly changed in another 24 hours.

COBALT MINING STOCKS.

(Furnished by F. W. Stevenson & Co.)
TORONTO, June 24.—Today's closing prices were: Amalgamated, 2; Beaver Con. 26½; Big Six, 2; Buffalo, 220; Chambers Ferland, 22; City of Cobalt, 23½; Cobalt Central, 10; Cobalt Lake, 21; Conlagas, 490; Crown Reserve, 295; Foster, 12; Gifford, 7; Green Meehan, 2½; Great Northern, 7; Kerr Lake, 830; LaRose, 440; Little Nipissing, 18½; McKinley Darragh, 90; Nancy Helen, 4½; Nipissing, 1140; Nova Scotia, 37; Ophir, 20; Orlene, 4; Peterson Lake, 21; Rochester, 18; Silver Leaf, 7; Silver Bar, 5½; Silver Queen, 9; Temiskaming, 65; Trethewey, 126; Watts, 5.

More Good Performances

Several other notable feats with bat and ball deserve mention. Boster's 7 wickets for 63 runs, and Thompson's 6 for 35, made the Warwickshire and Northants match noteworthy. Then we had Mead claiming 6 victims for 51, and Dean 6 for 49 in the Lancs vs. Essex game, whilst Burrows of Worcestershire dismissed 7 Surrey batsmen for 40 runs. This does not finish the list, and mention must be made of Fielder's bowling in the Kent vs. Northants match, his dozen victims only scoring 76 runs among them.

Stylish Apparel for Men and Boys---Highest Quality, Low Prices

Our Men's and Boys' Clothing Dept. has done, up to the present, a remarkably good business. This popularity lies in the fact that we have a larger and more varied assortment to choose from.

"Proper Clothes" and "Fit-Rite Clothing" for Men and Boys Are Distinctive in Appearance

to any other. They have snap and style, made along most graceful lines, of honest materials and expert workmanship. We carry the largest stock of reliable clothing in the West, and make it a point to keep prices down as low as possible, in order to make a quick turn over into cash.

"Proper Clothes" and "Fit-Rite" Clothing for Men and Boys:—Men's Suits, \$12.50 to \$25.00; Boys' Suits, \$3.50 to \$12.50
